Cynthia L. Rohner Waterbury Companies, Inc. 129 Calhoun Street P.O. Box 640 Independence, Louisiana 70443

Subject: Notification to Add Additional Establishment Numbers EPA Registration Number: 9444-137 TimeMist Metered Insecticide Date of Submission: January 26, 2011

Dear Ms. Williams:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration (PRN)98-10 dated January 26, 2011, for the abovementioned product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have questions regarding this letter, please contact Olga Odiott at (703) 308-9369.

Ms. Sherada Hobgood United States Environmental Protection Agency Office of Pesticide Programs Registration Division (H7504P) Document Processing Desk Room S-4900, One Potomac Yard 2777 South Crystal Drive Arlington, VA 22202

Attn: Sherada Hobgood

RE: Notification per PR Notice 98-10 TimeMist Metered Insecticide, EPA Reg. No. 9444-137

By notification, we are adding the additional establishment numbers "10807-GA-1" and "11623-GA-1" to the above mentioned label.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent wit the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Enclosed is a copy of the label, with the changes highlighted and the application for pesticide, EPA Form 8570-1. Also enclosed is a self-addressed, stamped postcard so that we may obtain notice when the Agency has processed this notification.

Please contact me at (985) 878-6751 Ext. 210 or via email at <u>crohner@watco.com</u> if additional information is needed to expedite this notification request and thank you for your continued support.

Sincerely, Crothing themen

Cynthia L. Rohner Registration Specialist

*Equivalent to 4.00% (butylcarbityl) (6-propylpiperonyl) ether and 1.0% of related compounds.

Contains Petroleum Distillates

Contains no CFCs or Other Ozone Depleting Substances. Federal regulations prohibit CFC propellants in aerosols.

KEEP OUT OF REACH OF CHILDREN CAUTION

See Back Panel for Additional Precautionary Statements.

EPA Reg. No. 9444-137

EPA Est. No. 9444-LA-1

. . . .

ι . Γιτιί

NET WEIGHT 6.9 oz./196 g

PRECAUTIONARY STATEMENTS Hazards To Humans & Domestic Animals CAUTION

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Use 12 feet or more from exposed food or food handling or dispensing surfaces.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER- Have the product container or label with you when calling a poison control center or doctor, or going for

treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call (985) 878-6751, Monday through Friday, 8 a.m. to 4:30 p.m. CST. After 4:30 p.m. CST, call your poison control center. For product information, you may call (203) 597-1812, Monday through Friday, 8 a.m. to 5:00 p.m. EST.

NOTE TO PHYSICIAN- Contains petroleum distillate - vomiting may cause aspiration pneumonia.

[For Reviewer: Note to Physician- will be used for formulations containing ≥10% petroleum distillates]

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN Food service and preparation areas, food processing plants, restaurants, clubs, stores, supermarkets, bottling plants, warehouses, buildings, factories, offices, laboratories, lavatories, ships, planes (cargo areas), hotels, motels, hospitals, nursing homes, schools, day-care centers, funeral homes, kennels, farms, barns, stables, dairies, homes, milk and egg handling areas of dairies and chicken houses.

This product is engineered for use in automatic metered dispensers. The dispenser automatically activates the special metered valve every 15 and/or 30 and/or 45 minutes. Within 24 hours the area is relatively free of house flies, mosquitoes, gnats, and small flying moths and with continued use reduces annoyance from them. Effectiveness of this product will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hours: but if less than 24 hour use is required, the Dispenser should be set to start one hour before kill is desired and run one hour after kill is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and kill. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect kill, best results are achieved when sanitation and other positive insect prevention practices are followed.

Do not use in aircraft cabins. It is suggested that the container be changed once a month.

OPERATION: Remove protective cap from top of can and insert can in dispenser. Suspend dispenser 7 feet from the floor and at a point where wind flow will carry the particles throughout the room.

OUTDOORS: This product can be used to treat dog kennels, dog runs, side yards, patios, decks & [and] residential landscapes. Set the dispenser to treat at dawn & [and] dusk & [and] use when humans are not in the area. When heavy pest infestations are present the dispenser may be set to treat at [15], [30], [45] [15 – 45] minute intervals. Place the dispensers out of the reach of pets & [and] children & [and] use the prevailing wind to assist in carrying the spray throughout the area to be treated. This product can be used to kill Mosquitoes, [including the Culex species] [which may carry] [the West Nile Virus]. [This product can be used to kill House Flies, Mosquitoes, Gnats & Small Flying Moths.] Each dispenser will treat up to 650 square feet. Use enough dispensers to treat the centire area you want protected.

[OPERATION: Remove protective cap from top of can & [and] insert can in dispenser. Secure dispenser at least 7 feet from floor or ground & [and] at a point where air flow or wind will carry the particles throughout the area to be protected.]

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Do not store near heat or open flame. Store in cool dry area away from children.

CONTAINER DISPOSAL: Do not Puncture or Incinerate! If empty: Offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.
