Independence, LA 70443

Subject: Time Mist Metered Insecticide II
EPA Registration No. 9444-138
Application dated August 25, 2003

Dear Ms. Rohner:

The proposed amendment to the registration for the product cited above under The Federal Insecticide, Fungicide And Rodenticide Act, as amended revising the label in accordance with PR Notices 2001-1 and 2001-6 is acceptable subject to the comment listed below.

Add the following statements to the Precautionary Statements:

"Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco."

A stamped copy of the draft label is enclosed for your records. Submit two copies of the revised finished label before the product is released for shipment under this revised label.

Sincerely,

Linda Arrington
Acting Product Manager 10
Insecticide Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Use 12 feet or more from exposed food or food handling or dispensing surfaces.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call (985) 878-6751, Monday through Friday, 8:00 am to 4:30 pm CST. After 4:30pm call your poison control center. For product information call (203) 597-1812, Monday-Friday, 8:00 am to 5:00 pm EST.

NOTE TO PHYSICIAN- Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Product Name] is engineered for use in automatic metered dispensers. The dispenser automatically activates the special metered valve every 15 and/or 30 and/or 45 minutes. Within 24 hours the area is relatively free of flies, mosquitoes, gnats, and small flying moths and with continued use reduces annoyance from them. Effectiveness of this product will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hours; but if less than 24 hour use is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

OPERATION: Remove protective cap from top of can and insert can in dispenser. Suspend dispenser 7 feet from the floor and at a point where wind flow will carry the particles throughout the room.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not store near heat or open flame. Store in cool dry area away from children.

DISPOSAL: Do not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1800-CLEANUP for disposal instructions.

[For Reviewer: The Steel graphics symbol is optional if label space allows it.]
