Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 9444-161".

3. Correct the alternate source of piperonyl butoxide on your Confidential Statement of Formula; the registration number 24061-7 does not exist. Verify the registration number of this source product with your supplier.

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

10-28-93

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**FOR USE IN** non-residential food handling establishments, commercial or institutional kitchens, dining areas and pantries of restaurants, supermarkets, food plants, food warehouses, bottling plants, hospitals, hotels, motels, stores, dairies, stables, nursing homes, day-care centers, egg and milk handling areas of dairies and chicken houses.

Purge II contains a highly effective insecticide formulation especially designed for use in automatic metered dispensers.

**FOR USE WITH** Automatic Metered Dispenser: One dispenser unit should be installed for each 6,000 cubic feet of unobstructed space to be treated. The Dispenser activates the metered valve once every 15 minutes. Effectiveness of Purge II will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hour control; but if less than 24 hour control is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

It is suggested that the container be changed once a month (when operated on a 24-hour basis).

**CB™****purge™ II****LASTS 30 DAYS****KILLS:** Flies, Mosquitoes, Gnats, and Small Flying Moths**ACTIVE INGREDIENTS:**

Pyrethrins	1.00%
* Piperonyl Butoxide, technical	5.00%
<b>INERT INGREDIENTS</b>	<b>94.00%</b>
