DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN non-residential food handling establishments, commercial or institutional kitchens, dining areas and pantries of restaurants, supermarkets, food plants, food warehouses, bottling plants, hospitals, nursing homes, day-care centers, hotels, motels, stores, kennels, dairies, farms, barns, stables, milk and egg handling areas of dairies and chicken houses.

This product contains a highly effective insecticide formulation especially designed for use in automatic metered dispensers.

FOR USE WITH Automatic Metered Dispenser: On dispenser unit should be installed for each 6,000 cubic feet of unobstructed space to be treated. The Dispenser activates the metered valve once every 15 minutes. Effectiveness of this product will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hour control; but if less than 24 hour control is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed. It is suggested that the container be changed once a month (when operated on a 24-hour basis).

purge II

1.00% Pyrethrin

KILLS: Flies, Mosquitoes, Gnats, and Small Flying Moths

LASTS 30 DAYS

ACTIVE INGREDIENTS:

Pyrethrin	1.00%
Piperonyl Butoxide, technical	8.00%
INERT INGREDIENTS	91.00%
	100.00%

* Equivalent to 4.0% (butylcarbitol 2-propylperoxy) ether and 1.0% related compounds.

CONTAINS PETROLEUM DISTILLATES

Contains No CFCs Or Ozone Depleting Substances. Federal Regulations Prohibit CFC Propellants In Aerosols.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back Panel for Additional Precautionary Statements.
EPA Reg. No. 9444-151 EPA Est. No. 9444-LA-1

NET WEIGHT 8.9 oz / 100 g

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Large drafts of forced ventilation may reduce or eliminate the insecticidal efficacy of these installations. Do not install directly over any food handling or dispensing area.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not allow spray to contact plastic, painted or varnished surfaces.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry area away from heat or open flame.

DISPOSAL: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. DO NOT PUNCTURE! If recycling is not available, wrap the container and discard in the trash.
