DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN food handling establishments, restaurants, hospitals, hotels, motels, stores, dairies, bars, and food processing establishments where flies, mosquitoes, small flying moths and gnats are an annoyance.

Purge 30 DS contains a highly effective insecticide formulation especially designed for use in automatic metered dispensers.

FOR USE WITH Automatic Metered Dispenser: One dispenser unit should be installed for each 3,000 cubic feet of unobstructed space to be treated. The Dispenser activates a 61 mg metered shot once every 18 minutes. Effectiveness of Purge 30 DS will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hour control; but if less than 24 hour control is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. Therefore, one unit per 3,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at the time of use. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

It is suggested that the container be changed once a month.

Manufactured by
WATERBURY

P. O. Box 1812
Waterbury, CT 06722
Made in USA

CB™**purge 30 DS**

**Dual Synergized For Added Killing Power
LASTS 30 DAYS**

KILLS: Flies, Mosquitoes, Gnats, and Small Flying Moths

ACTIVE INGREDIENTS:

| | |
|---|----------------|
| Pyrethrins | 1.00% |
| Piperonyl Butoxide, technical | 2.00% |
| N-octyl bicycloheptene dicarbodiimide | 3.00% |
| INERT INGREDIENTS | 94.00% |
| | 100.00% |

* Equivalent to 1.6% (butyltinyl) (2,4-dichlorophenoxy) ether and 0.4% related compounds.

CONTAINS PETROLEUM DISTILLATES

Contains No CFCs Or Other Ozone Depleting Substances.
Federal Regulations Prohibit CFC Propellants In Aerosols.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back Panel for Additional Precautionary Statements.
EPA Reg. No. 9444-102 EPA Est. No. 9444-LA-1

NET WEIGHT 5.6 oz / 159 g

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Large drafts of forced ventilation may reduce or eliminate the insecticidal efficacy of these installations. Do not install directly over any food handling or dispensing area. Do not allow spray to contact plastic, painted or varnished surfaces.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. Do not induce vomiting. Vomiting may cause aspiration pneumonia.

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If on Skin: Remove contaminated clothing and wash affected areas with soap and water. Get medical attention if irritation persists.

If In Eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.

Physical or Chemical Hazards

CAUTION: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool, dry area away from heat or open flame.
DISPOSAL: Do not reuse empty container. Replace cap, wrap empty container in newspaper and discard in trash. Do not puncture or incinerate.
