 EPA Reg. No. 9444-162 EPA Est. No. 844-LA-1

NET WEIGHT 8.6 oz / 243 g

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN food handling establishments, restaurants, hospitals, hotels, motels, stores, dairies, barns, and food processing establishments where flies, mosquitoes, and flying gnats and gnats are an annoyance.

Purge 30 DS contains a highly effective insecticide formulation especially designed for use in residential indoor spaces.

FOR USE WITH Automatic Misted Dispenser: One dispenser will should be installed for each 1,000 cubic feet of unobstructed space to be treated. The dispenser activates 3.5 oz of material about once every 15 minutes. Effectiveness of Purge 30 DS will be noticeable within one hour after the dispenser is activated. Reapplication is not necessary. For 24 hour control, but if you have a 24 hour control in mind, the dispenser should be set to mist once every 24 hours. To control flying gnats and flies, mist should be applied every 24 hours. For mosquitoes, mist should be applied every 24 hours. The active ingredient in Purge 30 DS is a pyrethroid insecticide and synergist. This combination, even at very low concentrations, is considered an effective mosquito repellent. Results are additive when combined with other positive insect prevention practices are followed.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Large drifts of forced ventilation may reduce or eliminate the insecticide efficacy of these formulations. Do not limit directly over any food handling or dispensing areas. Do not allow spray to contact plastic, painted or varnished surfaces.

For Reviewer: Ignored and "indicated" format will be used if label space permits; otherwise a paragraph format will be used.

FIRST AID

If Inhaled: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anyone anything to eat or drink. Do not give anyone anything to drink unless told to do so by a poison control center or doctor for treatment of poisoning.

If Ingested: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Remove person immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **HOT LIME SULFIDE:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call (800) 878-8781, Monday through Friday, 8:00 am to 4:30 pm (203) 687-6972, Monday-Friday, 8:00 am to 6:00 pm EST.

NOTE TO PHYSICIANS: Contains pyrethroids - vomiting may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS

Caution: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incise container. Exposure to temperatures above 130°F may cause bursting.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Disposal: Do not puncture or incise container if empty. Place in trash or offer for recycling if suitable. If empty, place in your local solid waste agency or 1800-CLEANUP for disposal instructions. (For Reviewer: The first paragraph should be optional if label space allows it.)

ACCEPTED

OCT 19 2004

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 9444-162
