Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number
9444-178

Date of Issuance
2 MAY 1995

Term of Issuance: Conditional

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Name of Pesticide Product: CB-80-4
WB for Insect Control

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Waterbury Companies, Inc.
P.O. Box 640
129 Calhoun Street
Independence, LA 70443

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is no to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 9444-178".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
CAUTION
 Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes.
 Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After space spraying in food processing plants, wash all equipment, benches, shelving, etc. where exposed food will be handled with an effective cleaning compound and rinse with potable water before use. In medical care facilities, remove all patients prior to treatment. Ventilate area for 2 hours before returning patients.
 Remove pets, birds and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT
IF SWALLOWED: Contact a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching finger to back of throat. Never give anything by mouth to an unconscious or comatose person.
IF IRRITATED: Remove affected person to fresh air. Apply artificial respiration if indicated.
IF IN EYES OR ON SKIN: Flush affected areas with plenty of water. Contact a physician if irritation persists.

ENVIRONMENTAL HAZARDS
 This product is toxic to fish. Do not apply directly to water. Do not contaminate water by disposal of waste or cleaning of equipment.

PHYSICAL OR CHEMICAL HAZARDS
 Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
SHAKE BEFORE USING AND AT INTERVALS DURING PROLONGED USE.
 Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range.

House Flies, Mosquitoes, Gnats, Wasps and Small Flying Moths (Millers): Close all doors and windows and spray room at the rate of 2 seconds per 1,000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 10-15 minutes after treatment. Repeat as necessary.

Cockroaches, Waterbugs, Silverfish, Crickets, Spiders, Centipedes and Sewage: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. Repeat treatment as necessary.

Ants: Spray trails, nests and points of entry. Spray on Ants where possible. Repeat as necessary.

Flies: Spray sleeping quarters, bedding, floor and floor covering where pets are kept. Repeat as necessary. Use only a recommended pet spray on pets.

Carpet Beetles: Spray directly on beetles, baseboards, floors, shelves and carpets. Repeat treatment as necessary.

Bedbugs: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, molding and floors. Allow treated fabric to dry thoroughly before using. Repeat treatment as necessary.

Exposed Stages of Insecticide Resistant and Resistant Grain Mites: Close doors and windows. Directly spray into all parts of room, especially around stored food product containers, pallets and darkened areas. Spray 7 to 10 seconds for each 1,000 cubic feet of space. Keep area closed for 15 minutes following treatment. Repeat application weekly or as needed. Infested stored products should be fumigated or treated by other effective methods using an approved product intended for this purpose.

Exposed Stages of Flea Beetles, Weevils and Grain Mites: Spray into cracks and crevices, processing and handling equipment, around floors or containers and other areas where these insects tend to congregate. Spray 30 seconds for each 100 square feet of surface. Keep area closed for 45 minutes to 1 hour after treatment. Repeat applications as necessary. Infested stored food products in the home should be disposed of.

IN ANIMAL QUARTERS AND MILKROOMS: For rapid control of House Flies, Mosquitoes, Gnats, Wasps and Small Flying Moths, close windows and doors and spray at the rate of 2 seconds per 1,000 cubic feet of space. For best results, keep area closed for 10 minutes after spraying. Do not remain in treated area and ventilate after treatment is completed.

TO TREAT ANIMALS: To protect beef cattle, dairy cattle and horses from attacks of Stable Flies, Horse Flies, Deer Flies, House Flies, Horn Flies, Mosquitoes and Gnats, spray about 3 seconds on each side being careful to spray back, withers and forelegs thoroughly. To protect from Face Flies, spray the face and head, but do not spray into the eyes. Repeat treatment as necessary when flies are troublesome.

Control Garden Insects on Ornamental and Vegetable Plants: Spray with slow sweeping motion, not closer than 18 inches from plants. Avoid wetting plants. Spray plants only when air is still. For single plants, spray in short bursts. Repeat as necessary for control. Be cautious about wetting tender foliage, young plants and new growth. Do not spray plants when temperatures exceed 90°F. Contact insects directly whenever possible. Repeat application at 7 to 10 day intervals or after heavy rains.

Use on Ornamentals (Roses, Azalea, Dahlias, African Violet, Azalea, Eonymus, Hydrangea, Juniper, Lilac) to control Aphids, Rose Chiggers, Japanese Beetles, Rose Slugs, Tent Caterpillars, Sawflies (including Emeralds and Juniper Sawflies), Leafhoppers, Tomato Plant Bugs, Lace Bugs (including Azalea Lace Bugs), Thrips (excepted), Mosquitoes (including Citrus Mosquitoes), Mites (including Red Spider, Spider, and Broad Mites), Plant Bugs, Whiteflies, Leafminers, Hydrangea Leaf-Girders, Bagworms, and Leafrollers.

Acceptable for Use to Dry of Harvest on Edible Plants.

Use on Vegetables (Peppers, Eggplants, Potatoes, Cucumbers, Squash, Melons, Beans, Sweet Corn and Tomatoes) to control Flea Beetles, Hornworms, Stink Bugs, Colorado Potato Beetles, Aphids (including Green Peach Aphids), Leafhoppers, Bitter Beetles, Striped and Spotted Cucumber Beetles, Mexican Bean Beetles, Whiteflies, Tomato-spotted Beetles and Japanese Beetles.

Buyer assumes all risks of use, storage or handling of this material in strict accordance with directions given herewith.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
STORAGE: Store in a cool, dry area away from heat or open flame.
DISPOSAL: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. **DO NOT PUNCTURE!** If recycling is not available, wrap the container and discard in the trash.
