## Residual with Cypermethrin

Provides Rapid Control of Residential and Industrial Pests  
Quick Knockdown  
Highly Active Solvent System

For Use and Storage by Pest Control Operators Only

**KILLS: CRAWLING INSECTS**—Cockroaches, Ants,  
Spiders, Crickets, Silverfish, Sowbugs, Pillbugs,  
Millipedes, Centipedes, Firebrats, and Earwigs;  
**WOOD DESTROYING INSECTS**—Termites (Subterranean,  
Formosan, Drywood), Carpenter Ants and Carpenter Bees.

**FOR USE IN:** Homes, Laboratories, Kennels,  
Aircraft (cargo area), Buses, Apartments, Offices and  
the non-food/feed areas of Restaurants, Dairies,  
Milk Storage Rooms, Supermarkets, Hospitals  
(non occupied patient areas), Egg Processing Plants,  
Bakeries, Bottling Plants, Institutions, Hotels, Motels,  
Stables, Schools, Nursing Homes (non occupied  
patient areas), Stores, Warehouses, Nurseries,  
Food Manufacturing, Processing and Servicing  
Establishments; Trucks, Trailers, Vessels, Railcars;  
Commercial, Industrial and Storage Buildings

**ACTIVE INGREDIENT:**

*Cypermethrin [(±)2-cyano-(3-phenoxyphenyl) methyl (±)-cis, trans-3-(2,2-dichloroethyl)- 2,2-dimethyl-cyclopropanecarboxylate]	0.10%
<b>INERT INGREDIENTS</b>	<b>99.90%</b>
	<b>100.00%</b>

\*cis/trans ratio = 45/55±10.

Contains Petroleum Distillate

Contains No CFCs or Other Ozone Depleting Substances.  
Federal Regulations Prohibit CFC Propellants in Aerosols.

KEEP OUT OF REACH OF CHILDREN  
CAUTION

See Back Panel For Additional Precautionary Statements.

EPA Reg. No. 9444-182

**NET WEIGHT 20 oz./567 g**

EPA Est. No. 9144-LA-1

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans & Domestic Animals**  
**CAUTION**

Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should be avoided. Wash thoroughly with soap and water after using. Avoid contamination of food, utensils, and food preparation areas.

Do not allow children or pets to contact treated areas until thoroughly dry. Do not apply this product in hospital patient rooms while occupied or in any rooms while occupied by the elderly or infirm. Do not apply to classrooms when in use. Do not apply this product to edible crops. Do not use in aircraft cabins.

**STATEMENT OF PRACTICAL TREATMENT**

**If Swallowed:** Call a physician or Poison Control Center immediately. Do not induce vomiting. Do not give anything to an unconscious person. Avoid Alcohol.

**If In Eyes:** Flush eyes with plenty of water. Call physician if irritation persists.

**If Inhaled:** Remove victim to fresh air. Apply respiration if indicated.

**If On Skin:** Wash with plenty of soap and water. Get medical attention if irritation persists.

May pose an aspiration pneumonia hazard.

**ENVIRONMENTAL HAZARDS**

Extremely toxic to fish. Do not contaminate water when disposing of equipment washwaters. Remove pets and cover fish tanks before spraying. Do not apply directly to any body of water. Apply this product only as specified on this label.

**PHYSICAL OR CHEMICAL HAZARDS**

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not spray directly on plastic, painted, varnished surfaces or into any electronic equipment such as radios, televisions, computers, etc.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**RESIDUAL PEST CONTROL :** Homes, laboratories; **NON-FOOD/NON-FEED AREAS**—Restaurants, dairies, milk storage rooms, supermarkets, hospitals (nonoccupied patient areas), nursing homes (nonoccupied patient areas), egg processing plants, bakeries, bottling plants, institutions, hotels, motels, kennels, stables, schools, nurseries, stores, warehouses, food manufacturing, processing and servicing establishments; Transportation—Aircraft (cargo area), buses, trucks, trailers, vessels, railcars; Storage—Commercial, industrial, apartment, office and storage buildings.

**CRACK AND CREVICE APPLICATION: Cockroaches, Spiders, Crickets, Silverfish, Firebrats**—Use injector tip, releasing approximately 1 second spray per spot. For serious infestations, spray spots approximately 12 inches apart; for light infestations, spray approximately 3 feet apart. Spray into hiding places such as cracks, crevices, openings around pipes and sinks, under refrigerators, behind baseboards, coffee makers, meter boxes, and manholes. Spray directly on insects in these locations where possible. Repeat as necessary.

**FOOD HANDLING ESTABLISHMENTS:** Places other than private residences in which food is held, processed, prepared or served.

**Non-food Areas:** This product may be used as a general spot or crack and crevice treatment in non-food areas. All areas where insects hide or through which insects may enter should be treated. Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

**Food Areas:** Do not use in food/feed areas of food/feed handling establishments, restaurants, or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

**CRAWLING INSECTS: Sowbugs, Pillbugs, Millipedes, and Centipedes**—Apply around doors and windows and other places where these pests may be found or where they may enter premises. Spray baseboards, storage areas and other locations. Repeat as necessary. See outdoor use below.

**ANTS:** Apply to any trails, around doors and windows and other places where ants may be found.

**WOOD DESTROYING INSECTS:** Treat wood suspected of harboring all species of **Termites, Carpenter Ants and Carpenter Bees**. The purpose of such application of Air Devil Residual is to kill workers or winged form which may be present in the treated channels at the time of treatment and to impart a temporary resistance at these places to attack which may aid in the prevention of immediate reinfestation. Such applications are not a substitute for mechanical alternation, soil treatment or foundation treatment but merely a supplement. Localized treatment of wood-infesting insects—Locate suspected infestation and/or insect tunnels and cavities. Inject 5 to 10 seconds of spray into insect tunnels, galleries and inaccessible closed voids. In infested sites, pilot holes should be drilled eight to ten inches apart to

insure thorough insecticide gallery treatment. Make sure not to contact electrical wiring, plumbing, etc., when drilling. Use available application equipment. For Carpenter Bees, seal entrance openings with small pieces of stainless steel wool after application.

**OUTDOORS: For control of Ants, Bees, Centipedes, Cockroaches, Crickets, Firebrats, Millipedes, Silverfish, Sowbugs, Pillbugs, Spiders, Flies, and Wasps**—Apply as a residual spray to surfaces of refuse dumps and similar areas where these pests are found.

#### STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Do not store near heat or open flame. Store in cool dry area away from children.

**Disposal:** Do not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1800-CLEANUP for disposal instructions.

**RE: Notification Request per PR Notice 2001-6  
Air-Devil Residual with Cypermethrin, EPA Reg. No. 9444-182**

Dear Mr. Johnson:

Notification of label change relative to PR Notice 2001-6. This notification is consistent with the guidance in PR Notice 2001-6 and the requirements of EPA's regulations at 40 CFR 156.10 and 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that if this notification is not consistent with the guidance of PR Notice 2001-6 and the requirements of 40 CFR 156.10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Attached are EPA Form 8570-1 and a copy of the label with the revisions highlighted in yellow. Also enclosed is a self-addressed, stamped postcard so that we may obtain notice when the Agency has processed this notification.

Please contact me at (985) 878-6751 Ext. 210 or via email at [crohner@watco.com](mailto:crohner@watco.com) if additional information is needed to expedite this notification request.

Sincerely,

Cynthia L. Rohner  
Registration Specialist
