U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg.  
Number:

9444-  
183

Date of Issuance:

AUG 27 1997

## NOTICE OF PESTICIDE:

☒ Registration  
☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Intruder Residual  
with Cyfluthrin

Name and Address of Registrant (include ZIP Code):

Waterbury Companies, Inc.  
P.O. Box 640  
129 Calhoun Street  
Independence, LA 70443

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

1. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 9444-183".
- b. On the front and back panels following the instructions "Permitted Areas of Use", qualify the food handling sites with the phrase non-food, i.e. "xxx laboratories and the non-food areas of restaurants, kitchens, cafeterias, xxx".

Signature of Approving Official:

Date:

George T. LaRocca, Product Manager (13)  
Insecticide-Rodenticide Branch  
Registration Division (7505C)

EPA Reg. No. 9444-183

c. The first three sentences under Application within Non-food Areas of Food Handling Establishments should be deleted since the instructions are written for crack and crevice and spot treatment in food areas of these establishments. You can replace with the following: "Apply as crack and crevice and/or spot application as indicated above. Do not use in food/feed areas of food/feed handling establishments xxx", etc.

d. Delete the statement defining what food handling establishment areas are since the product is not approved for use in these areas.

e. Under Directions for Use add "Not for Use in Federally Inspected Meat and Poultry Plants".

2. Submit two (2) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Enclosure

393  
AUG 27 1997

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

9444-183

### PRECAUTIONARY STATEMENTS Hazards to Humans & Domestic Animals CAUTION

Harmful if absorbed through the skin, eyes, or clothing. Wash thoroughly with soap and water after handling.  
Do not contaminate food or feed. Do not apply directly to food. Do not apply to classrooms when in use. Do not apply this product in occupied patient rooms or in any rooms while occupied by the elderly or infirm.

### STATEMENT OF PRACTICAL TREATMENT

If On Skin: Wash with plenty of soap and warm water. Get medical attention if irritation persists.  
If Inhaled: Remove victim to fresh air. Apply respiration if indicated.  
If Swallowed: Call a physician or Poison Control Center.  
Note to Physicians: Inducing vomiting as first aid for this product may result in increased risk of chemical pneumonia or pulmonary edema caused by aspiration of the hydrocarbon solvent. Vomiting should be induced only under professional supervision.

### PHYSICAL OR CHEMICAL HAZARDS

Extremely Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 100°F may cause curdling. Do not use in the vicinity of open flame or pilot lights.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
Do Not Use As A Space Spray: Spray on surfaces only. Hold container upright while spraying. Direct nozzle approximately 12 inches from surface to be treated. Spray away from self and other persons. Do not allow children in treated area until spray has dried. Do not use in aircraft cabins.

PERMITTED AREAS OF USE INCLUDE, BUT ARE NOT LIMITED TO:

RESIDUAL PEST CONTROL: Homes, apartment buildings, laboratories, restaurants, kitchens, cafeterias, dairies, dairy products processing plants, milk storage rooms, supermarkets, hospitals (nonoccupied patient areas), nursing homes (nonoccupied patient areas), egg processing plants, bakeries, bottling plants, wineries and similar structures, breweries, institutions, hotels, motels, kennels, stables, schools, nurseries, stores, warehouses, manufacturing canneries, frozen food plants, cereal processing and manufacturing plants, pickle factories, grain mills, granaries, soice plants, food manufacturing, processing and servicing establishments. Transportation: Aircraft (except aircraft cabins), buses, trucks, trailers, marine vessels, railcars. Storage: Commercial, industrial, apartment, office and storage buildings.

CRACK AND CREVICE AND SPOT APPLICATION: Cockroaches, Spiders, Crickets, Silverfish, Firebrats. Do not spray directly on plastic, painted, varnished surfaces or into any electronic equipment such as radios, televisions, computers, etc. For Crack and Crevice: Use insecticide, releasing approximately 1 second spray per foot. For serious infestations, spray spots approximately 12 inches apart. For light infestations, spray approximately 3 feet apart. Spray into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, behind baseboards, coffee makers, meter boxes, and manholes. For Spot Spray: Apply directly on insects in these locations when possible. Repeat as necessary. Spot treatments may also be made to areas including, but not limited to, storage areas, closets, around water pipes, doors and windows, behind and under refrigerators, cabinets, sinks, stoves and other equipment, the underside of shelves, drawers and similar areas.

APPLICATION WITHIN NON-FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS: Apply a small amount of material directly into cracks and crevices such as expansion joints, between different elements of construction, or between equipment bases and the floor, wall voids, motor housing, junction boxes or switch boxes, conduits or hollow equipment legs where insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air when facility is in operation or foods are exposed. Do not apply directly to food products. Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Non-food/feed areas of food/feed areas are areas such as garage rooms, lavatories, floor drains (to sewers entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Food handling establishments are defined as places other than private residences in which exposed food is held, processed, prepared or served, included also are areas for receiving, storage, packing (canning, bottling, wrapping, boxing), prepacking, edible waste storage and enclosed processing systems of food (mills, dairies, edible oils, synovial).

CRAWLING INSECTS: Sowbugs, Pillbugs, Millipedes, Centipedes, Bedbugs, Earwigs and Ticks. Apply around doors and windows and other places where these pests may be found or where they may enter premises. Spray baseboards, storage areas and other locations. Spray around foundations and porches. Repeat as necessary.

FLYING INSECTS: Wasps, Bees, Yellow Jackets and Hornets. Application to nests should be made in the evening when insects are at rest. Apply directly. Thoroughly spray nest, entrance and surrounding areas where insects may land or rest.

Flies, Mosquitoes, Gnats, Flying and Clothes Moths: Use as a surface spray only. Apply directly to walls, ceilings, window screens, and other flying insect resting areas as a residual surface treatment. May be used inside residential buildings, as well as, in and around carports, garages, and storage sheds.

Ants: Apply to any trails, around doors and windows and other places where ants may be found.

PANTRY PESTS: Carpet, Confused, Red Flour, Drugstore, Cigarette, Sawtoothed and Merchant Grain Beetles and Lesser Grain Borers. Contact as many insects as possible when treating infested areas such as cracks and crevices in wall voids, around windows and door frames, under siding, in machinery and in dark secluded areas. Repeat as necessary.

For long lasting residual action allow residue to remain undisturbed as this product will keep on killing for weeks.

### STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry area away from heat or open flame.

DISPOSAL: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. DO NOT PUNCTURE! If recycling is not available, wrap the container and discard in the trash.
