

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
CAUTION

Harmful if swallowed. Contains petroleum distillates. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. *rinse to use.*
In hospitals, remove patients prior to treatment. Ventilate area for two hours prior to returning patients.
Remove pets, birds, and cover fish aquariums before spraying.

Statement of Practical Treatment

IF SWALLOWED: Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard. *Do not give anything by mouth to an unconscious person. Avoid alcohol.*
IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.
IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.
IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated. *preferably mouth to mouth. Get medical attention.*

Physical or Chemical Hazards

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 9,000 cubic feet of unobstructed space. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment, and ventilate thoroughly before reentry.
TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for two hours before airing out. Open all doors and windows and allow to air for one-half hour. Repeat spraying in two weeks or when necessary.
To Kill Ticks and Fleas: Destroy pet's old bedding and replace. Use product as above. Pets should be treated with a registered tick and flea control product prior to reentry. Repeat as necessary to bring infestation under control.
Do not use this unit in a cabinet or under a counter or table. Do not use in an area less than 100 cubic feet.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
STORAGE: Store in a cool, dry area away from heat or open flame.
DISPOSAL: This container may be recycled in the few but growing number of communities where a steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. **DO NOT PUNCTURE** if recycling is not available, wrap the container and discard in the trash.

Made in USA

CB-540 fogger

with **PYRETHRINS**
TREATS 9,000 CUBIC FEET

KILLS EXPOSED STAGES OF: COCKROACHES, FLEAS, TICKS, HOUSEFLIES, MOSQUITOES, SMALL FLYING MOTHS, WASPS, CRICKETS, AND SILVERFISH

For Use in Food and Non-food areas of Homes, Food Processing Plants, Restaurants, Industrial Buildings: Schools, Warehouses, Offices, Theaters, Garages, Hotels, Motels, Hospitals, and Kennels.

ACTIVE INGREDIENTS:

- * Pyrethrins 0.50%
- * Piperonyl Butoxide, technical 1.00%
- * * N-Octyl bicycloheptene dicarboximide 1.00%
- INERT INGREDIENTS 97.50%**
- Contains petroleum distillates, methyl isobutyl ketone, xylene, and aromatic solvent*
- * Equivalent to 0.80% of (butylcarbityl) (6-propylpiperonyl) ether and 0.20% related compounds.
- * * MGK 264, Insecticide Synergist

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 9444-185".

b. Add a footnote to the inert ingredients which reads as follows:
 Contains petroleum distillate, xylene, or xylene range aromatic solvent.

c. Modify the directions for use to clarify that the 9000 cu.ft. applies to the 9 oz container and that 5000 cu.ft. applies to the 5 oz container.

- d. Modify the Precautionary Statements to read as follows:
Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with skin eyes, or clothing. Wash thoroughly with soap and water after use. Remove contaminated clothing and wash before reuse.

 - e. Move the discussion of protecting food and hospital patients to the directions for use, and modify the last sentence of the food section to read as follows:
After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse prior to use.

 - f. Modify the If Swallowed statement to read as follows:
Call a physician or Poison Control Center immediately. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

 - g. Modify the If Inhaled statement to read as follows:
Remove victim to fresh air. Apply artificial respiration preferably mouth to mouth. Get medical attention.
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
