EPA Est. No. 9444-LA-1

NET WEIGHT 14 oz / 397 g

CRACK AND CREVICE INJECTION USE ONLY

PRECAUTIONARY STATEMENTS Hazards to Humans & Domestic Animals CAUTION

Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly after using. Avoid contamination of food, utensils, and food preparation areas. Should illness occur, get prompt medical aid. To Physician- Atropine Sulfate is antidotal.

STATEMENT OF PRACTICAL TREATMENT

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If Swallowed: Call a physician or Poison Control Center. Induce vomiting by touching back of throat with finger. Repeat until yomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If on Skin; Remove contaminated clothing and wash affected areas with soap and water.

If in Eyes: Flush eyes with plenty of water. Call a physician immediately.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate water when disposing of equipment washwaters. Apply this roduct only as specified on the label.

PHYSICAL OR CHEMICAL HAZARDS

Extremely Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic, painted or varnished surfaces or directly into any electronic equipment such as radios, televisions, computers, etc.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This insecticide is for use only with injection tube and for injecting into cracks and crevices where insects may be hiding, living and breeding. Place injector tip inch into cracks, crevices, holes and other small openings where insects may be a problem. Release approximately 1 second spray per spot. In serious infestations, if possible, place spots approximately 12 inches apart. In light infestations or preventative treatment, place spots approximately 3 feet apart. See the additional directions below for effective control of specified insects.

CRAWLING PESTS: Cockroaches, Waterbugs, Spiders, Brown Dog Ticks, Earwigs, Crickets, Sowbugs,

Millipedes, and Centipedes-Spray into hiding places such as cracks and crevices, moist areas, openings around pipes and sinks, under refrigerators, behind baseboards, coffee makers, meter boxes and manholes. Spray directly on insects in these locations where possible. Repeat as necessary.

BOOKLICE & SILVERFISH: Spray cracks and crevices in baseboards, doorframes, bookcases and storage areas. Spray directly on insects in these locations where possible. Repeat as necessary.

ANTS: Spray into nests, trails and points of entry around doors, windows, structural cracks and crevices. Spray directly on insects in these locations where possible, Repeat as necessary.

GRAIN WEEVILS, FLOUR BEETLES, CHOCOLATE MOTHS, DRUGSTORE BEETLES (in exposed adult and larval stages) and hibernating stages of BOXELDER BUGS, ELM LEAF BEETLES, CLUSTER FLIES and CLOVER MITES:

Contact as many insects as possible when treating infested areas such as cracks and crevices in wall voids, around windows and doorframes, under siding, in machinery, and in dark, secluded areas. Repeat as necessary.

Localized treatment of wood destroying insects: **CARPENTER ANTS** and **CARPENTER BEES**-Locate source of infestation. Inject 5-10 seconds of spray into insect tunnels and cavities. For **CARPENTER BEES**, seal entrance openings with small pieces of stainless steel wool after spray application.

For TERMITES: Locate source of infestation. Apply to voids and channels in damaged wooden members of a structure or to cracks, spaces or bearing joints between wooden members of a structure. Inject 5-10 seconds spray into insect tunnels and cavities. This application is not a substitute for mechanical alteration, soil treatment or foundation treatment but is merely a supplemental treatment. This product is intended to kill workers or winged reproductive forms which may be present in the treated areas.

APPLICATIONS IN AIRCRAFT: This product can be applied in cargo areas but not in occupied aircraft cabins, unless cabins are ventilated for (3) hours before reentering.

APPLICATIONS WITHIN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS

Limited to Crack & Crevice Treatment Only. Apply a small amount of material directly into cracks and crevices such as expansion joints between different elements of construction or between equipment bases and the floor, wall voids, motor

4/5

housing, junction boxes or switch boxes, conduits or hollow equipment legs where insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces. Applications of this product in the food areas of food handling establishments, other than as a crack and crevice treatment, are not permitted.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Disposal: Do not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call

your local solid waste agency or 1800-CLEANUP for disposal instructions. [For Reviewer: The Steel graphics symbol is optional if label space allows it.]

Authorized by USDA for Use in Federally Inspected Meat and Poultry Plants.

RE: Notification of Alternate Brand Name per PR Notice 98-10 Invader Residual with Propoxur, EPA Reg. No. 9444-186

Dear Mr. Edwards:

Notification of an Alternate Brand Name per PR Notice 98-10. The Alternate Brand Name is "Invader HPX Residual with Propoxur". This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent wit the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Enclosed is a copy of the label, with the changes highlighted and the application for pesticide form. Also enclosed is a self-addressed, stamped postcard so that we may obtain notice when the Agency has processed this notification.

Please contact me at (985) 878-6751 Ext. 210 or via email at <u>crohner@watco.com</u> if additional information is needed to expedite this notification request and thank you for your continued support.

Sincerely,

Cynthia L. Rohner
