

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
9444-190

Date of Issuance:  
DEC 21 1995

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Term of Issuance: Until  
Reregistration

Name of Pesticide Product:  
Wasp & Hornet Jet  
Freeze 1

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Waterbury Companies Inc.  
P.O. Box 640  
129 Calhoun Street  
Independence, LA 70443

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 9444-190".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Signature of Approving Official:

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist or contact with skin. Wash thoroughly after using. Avoid storage near food or feed. Do not spray on pets, humans or other animals.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

**STATEMENT OF PRACTICAL TREATMENT**

If Swallowed—Call a physician or Poison Control Center. Do not induce vomiting because of possible aspiration hazard.

If on Skin—Wash thoroughly with soap and water.

If in Eyes—Flush with plenty of water. Get medical attention if irritation persists.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic, painted or varnished surfaces or directly into electronic equipment such as radios, TVs, computers, etc. To reduce possible staining on painted or vinyl surfaces or roof shingles, rinse with clear water within 10 to 15 minutes after application.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at insects wherever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 10 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing and faucets enter the house and into any cracks or crevices in foundations as well as along sill and ledges.

**Kills Wasps, Hornets and Yellowjackets:** This spray is fast acting when insects are hit directly. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream-type spray, making it possible for the operator to stay back from the places sprayed.

**Bees (Indoors):** Bees are beneficial insects. Application should be made only for bees that invade buildings. Aim directly at nests under rafters, in wall voids, attics and warehouses.

This formulation utilizes pyrethrins, piperonyl butoxide and a carbamate-type insecticide, a combination particularly effective on this class of insects.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

**STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in a cool, dry place away from heat or open flame.

**DISPOSAL:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. **DO NOT PUNCTURE!** If recycling is not available, wrap the container and discard in the trash.

Dielectric Strength: Electrodes 1/10" apart, no arcing at 49,300 volts.
