

**PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals**

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist or contact with skin. Wash thoroughly after using. Avoid storage near food or feed. Do not spray on pets, humans or other animals.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call (985) 878-6751, Monday through Friday, 8:00 am to 4:30 pm CST. After 4:30pm call your poison control center. For product information call (203) 597-1812, Monday-Friday, 8:00 am to 5:00 pm EST.

NOTE TO PHYSICIAN- Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic, painted or varnished surfaces or directly into electronic equipment such as radios, TVs, computers, etc. To reduce possible staining on painted or vinyl surfaces or roof shingles, rinse with clear water within 10 to 15 minutes after application.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at insects wherever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 10 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing and faucets enter the house and into any cracks or crevices in foundations as well as along sills and ledges.

Kills Wasps, Hornets and Yellowjackets: This spray is fast acting when insects are hit directly. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream-type spray, making it possible for the operator to stay back from the places sprayed.

Bees (Indoors): Bees are beneficial insects. Application should be made only for bees that invade buildings. Aim directly at nests under rafters, in wall voids, attics and warehouses.

This formulation utilizes pyrethrins, piperonyl butoxide and a carbamate-type insecticide, a combination particularly effective on this class of insects.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Disposal: Do not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1800-CLEANUP for disposal instructions.

[For Reviewer: The Steel graphics symbol is optional if label space allows it.]

ACCEPTED

FEB 9 2004

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 9444-190

wasp & hornet jet freeze I

FAST ACTING

**KILLS: Wasps, Hornets,
Bees and Yellowjackets**

ACTIVE INGREDIENTS:

Pyrethrins	0.076%
* Piperonyl Butoxide, technical	0.190%
Carbaryl (1-naphthyl N-methylcarbamate)	0.500%
* * INERT INGREDIENTS	99.234%
	<u>100.000%</u>

* Equivalent to 0.162% (butylcarbaryl) (β-propylpiperonyl) ether and 0.038% related compounds.

* * CONTAINS PETROLEUM DISTILLATES

**Contains No CFCs or Other Ozone Depleting Substances.
Federal Regulations Prohibit CFC Propellants in Aerosols.**

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

Harmful if swallowed, inhaled or absorbed through the skin.
See Back Panel for Additional Precautionary Statements.
