DIRECTION FOR USE

Be sure that all surfaces are clean,
free of rust, scale, grease, dirt or
oil. Remove loose scale with
wire brush or sandpaper. Sand
enough, both sides, and then
pouring from one side of container
to another side to stir. Stir from
time to time during application.

Apply one or two coats evenly on
ship bottoms by brush, roller or
spraying. Use Devtran No. 2
No. 2 Solvent MD-3520. Do not
add extra solvents to this paint.
Allow 24 hours drying time.

Anti-fouling paint may be applied
over a previous coat of anti-fouling
paint if it is properly prepared.
Do not use over a previous coat
of anti-fouling paint if it is not
properly prepared.
