EPA Est. No. 9444 CA 1

Caution: KEEP OUT OF REACH OF CHILDREN.
See back panel for precautionary statements.

Net Weight 5 lbs.

DIRECTIONS FOR USE USE INDOORS ONLY

Fly, Insects, Fleas, mosquitoes, and
hymenoptera (wasps, gnats).

Calculate cubic feet of space to be
treated. Close all doors and windows.
Spray in a sweeping motion to all parts
of the room. Apply for 2-3 seconds
per 100 cubic feet of space. Do not
remain in treated areas. Ventilate
areas after treatment is completed and
return people to rooms. Remove pets and
children from additional treated areas.
Furts should be removed or cleaned
during treatment. All food and drink
surfaces should be covered. Do not treat
until thoroughly cleaned. Do not
re-apply until facility is not in use.

On walls, insecticide is applied to
a surface.

Calculate square feet of floor area to be
treated. Open all doors and windows.

Directly spray evenly across
floor. Do not spray on carpet or rug.
Do not spray on other surfaces. Apply
at a distance of 12-18 inches from
wall to reach these parts. Spray the floor
right up to cracks, baseboards, door
jambs, and window sills and other
places. Do not spray directly on
these parts. Do not spray on
spray on down and avoid contact
Rugs, etc. if any.

For spiders, mosquitoes, etc.,
the above active treatment is completed
spraying of the walls and ceiling. Do
not spray on other surfaces. Do not
spray on down and avoid contact
Rugs, etc. if any.

For crickets, spray thoroughly in the
space. Do not spray on other surfaces.
Cubicles, restrooms, etc. are especially
prone to infestation. Do not
spray on down and avoid contact
Rugs, etc. if any.

For silverfish, spray on the
down and avoid contact
Rugs, etc. if any.

For general clean up, apply for 10-15
seconds per 100 square feet of
area. Then periodically spray the space
aerosol 3-5 seconds per 100
feet of space.

Instructions for assembly and use
