EPA Est. No. : 9480-NY-1

[or EPA Est. No. A=9480-NY-1, B=9480-IN-1

Alpha character will precede batch code on product]

[Manufactured by:]

PDI, The Healthcare Division of Nice-Pak Products, Inc.

Two Nice-Pak Park

Orangeburg, NY 10962-1376

[For information call: [phone number to be inserted]] [website address]

PRECAUTIONARY STATEMENTS:

Hazards to humans and domestic animals.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes and clothing. Wash hands before eating, drinking, chewing gum, using tobacco, or using toilet.

FIRST AID

If in eye: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

For additional information in case of emergency call toll free [phone number to be inserted].

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS:

Combustible. Do not use or store near heat or open flame. Do not use on natural marble, windows, unpainted wood, brass, clear plastic or colored grout.

THE INFORMATION IN THIS BOX IS NOT PART OF THE LABELING

Statements in brackets [] are optional or instructional. The terms "wipe(s)", "towel(s)" and "cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Use one of the following as applicable to type of container.]

TOWELETTE [or WIPE] [or TOWEL] [or CLOTH]
CANISTER DIRECTIONS:

To start feed: Remove lid and discard inner seal from canister. Find center of wipe roll, remove first wipe for use, twist corner of next wipe into a point and thread through the hole in the canister lid. Pull through about one inch. Replace lid. Dispense remaining wipes as necessary by pulling out at an angle. When not in use keep center cap of lid closed to prevent moisture loss.

TRAVEL PACK:

Peel back label slowly. Pull out wipes as needed and reseal label. Unfold wipe.

PACKET:

Tear open packet. Unfold wipe.

SOLO® PAK:

DO NOT FLUSH • STORE AT ROOM TEMPERATURE
 DISPOSE OF USED WIPES IN TRASH RECEPTACLE • KEEP SOLO® LID CLOSED WHEN NOT IN USE

**GENERIC:**

Open lid. Pull out wipe. Close lid tightly.

[Use one or more of the following as appropriate; they may be used in any order as long as the entire paragraph is used; food contact directions must be used if "kitchen" is one of the areas of use or listed in the claims section:]

CLEANING: Wipe surface with towelette until clean. Let air dry.

TO DISINFECT:

Use a wipe to remove gross filth [or heavy soil]. Unfold a clean wipe and thoroughly wet surface. Treated surface must remain visibly wet for a full five (5) minutes. Use additional wipe (s) if needed to assure continuous 5 minute wet contact time. For food contact surfaces, rinse with potable water before use.

ULTRASOUND TRANSDUCERS

For use on external surfaces of Ultrasound Transducers only

To disinfect: Pre-clean ultrasound gel from external transducer to be disinfected by using a clean wash cloth. Then thoroughly wet the probe with a towelette. Treated surface must remain visibly wet for a full five (5) minutes. Use additional wipe(s) if needed to assure continuous 5 minute wet contact time. Let air dry.

THE INFORMATION IN THIS BOX IS NOT PART OF THE LABELING

Statements in brackets [] are optional or instructional. The terms "wipe(s)", "towel(s)" and "cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

[The following headings are optional; choose as appropriate:]

[Hospital Use] [Nursing Homes] [Doctor's Offices] [Hospices] [Healthcare Settings]

[If directions for HIV are to be used, then use the following heading:]

***SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES OR OBJECTS SOILED WITH BLOOD OR BODY FLUIDS**

***KILLS HIV-1 (AIDS VIRUS) ON PRE-CLEANED ENVIRONMENTAL SURFACES/ OBJECTS [AND PRE-CLEANED EXTERNAL SURFACES OF ULTRASOUND TRANSDUCERS (PROBES)] PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in 30 seconds at room temperature (68°- 77°F or 20°-25°C) in health care or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

PERSONAL PROTECTION: When using this product, wear disposable protective gloves, protective gowns, face masks, or eye coverings as appropriate when handling HIV-1 infected blood or body fluids.

CLEANING PROCEDURE: All blood and other body fluids must be thoroughly cleaned from surfaces and objects before disinfection by the germicidal cloth. Open and unfold first germicidal cloth to remove gross filth [heavy soil].

DISPOSAL OF INFECTIOUS MATERIALS: Dispose of used towelette in accordance with local regulations for infectious waste disposal.

CONTACT TIME: Use second germicidal cloth to thoroughly wet surface. Allow to remain wet 30 seconds, let air dry. Although efficacy at a 30 second contact time has been shown to be adequate against *HIV-1 (AIDS VIRUS) this time is not sufficient for the other non-HIV organisms listed on this label. Therefore a 5 minute wet contact time must be used for all listed non-HIV organisms.

[Use storage/disposal statement A if canister directions used. Use storage/disposal statement B if travel pack or packet directions used.]

Storage and disposal

For canisters:

Storage: Do not store near heat or open flame. When not in use keep center cap of lid closed to prevent moisture loss.

Towelette Disposal: Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

Dispenser Disposal: Do not reuse empty container. Wrap container and put in trash collection.

For packets and travel packs:

Storage: Do not store near heat or open flame.

Towelette Disposal: Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

Travel Pack [or Solo® Pak or Packet] Disposal: Put empty travel pack [or Solo® Pak or packet] in trash collection.

THE INFORMATION IN THIS BOX IS NOT PART OF THE LABELING

Statements in brackets [] are optional or instructional. The terms "wipe(s)", "towel(s)" and "cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

[choose from the following areas of use as appropriate; they may be listed in any order; at least one use site (including corresponding list of surfaces) must be used on the label; "Kitchen" areas of use must be included if "food contact surfaces" directions (see "Directions" page) are used.]

AREAS OF USE

- Kitchen**** Counter tops, exterior surfaces of [or outside of] appliances, sinks, faucets, table tops, exterior surfaces of [or outside of] refrigerators, exterior surfaces of [or outside of] stove
- Bathroom:** Toilet seats and outside surfaces of toilets, bathroom fixtures, vanity tops, shower stalls, bathtubs, tiles, sinks
- General use:** Doorknobs, laundry rooms, garbage cans, pet areas, telephones, cell phones, telephone equipment surfaces, dictating equipment surfaces, and other telecommunications equipment surfaces [devices] [headsets], computers and keyboards, car, desktop, office,
- Nursery or Playrooms or Play areas:** Changing tables, cribs, diaper pails, toy boxes, trash cans, toys
- Grocery Stores, and/or Shopping Centers, and/or Delicatessens:** Disinfects grocery cart handles, shopping cart handles, grocery cart child seats, shopping cart child seats and other hard non-porous surfaces. Cleans grocery carts shopping carts
- [The following is required if kitchen uses are included: **A thorough rinse with potable water is required for surfaces in direct contact with food.]

[Optional: None, one, or both of the following paragraphs may be used as appropriate; paragraph # "B" may be used before "A" on the label if both are used]

[A]

Hospital and Health Care Settings

A non-woven disposable cloth for use in hospitals and other critical care areas where control of the hazards of cross-contamination between treated surfaces is required. Use on hard, non-porous surfaces and equipment including tables, carts, metal baskets, counters, cabinets, telephones and other uses listed on this label consisting of stainless steel, Formica, and glass. Some organisms are removed from the surface by thoroughly wiping the surface with the towel. Most remaining organisms are killed within five (5) minutes by exposure to the liquid in the towel.

[B]

[B 1] **Areas of Use:** Hard, non-porous surfaces in: Surgery, Hospitals, Emergency Room, E.R., Recovery Room, ICU, CCU, Anesthesia, Laboratory, Physical therapy, Respiratory therapy, Radiology, X-Ray, CAT Lab, New-born nursery, Pediatrics, Central Supply, Operating Room, Nursing homes, Home Health Care, Physician's offices, Dental offices, Ambulances, Clinics, Hospices, Healthcare settings, Doctor's offices.

[Section B 1 must be used if section B2 (below) is on the label]

[B 2] **May be used on:** Hard, non-porous surfaces of: Ultrasound transducers or probes, Exam tables, Gurneys, IV poles, Bed railings, Outside surfaces of equipment, Toilet seats and outside surfaces of toilets, Tables, Chairs, Stretchers.

[If paragraph A and/or paragraph B are used, then all of the following paragraph must be used on label.]

"This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection."

Cleans and disinfects
 Cleans and disinfects [cell phone surfaces] [telephone surfaces,] [telephone equipment surfaces,] [dictating equipment surfaces,] [and other telecommunications equipment [surfaces] [devices]]
 Cleans and disinfects common hard, non-porous surfaces
 Cleans effectively
 Cleans hard to remove stains
 Cleans, deodorizes and disinfects
 Cloth
 Convenient
 Convenient, quick and easy cleaning all around your [home] [business] [office] [workplace]
 Cuts grease and kills common household bacteria
 Cuts the toughest grime and grease without scratching your surfaces
 Cuts through the toughest grime
 Decorative, stay moist package
 Destroys a common flu virus*
 Destroys common household germs: bacteria and viruses*
 Destroys common microbes that infect the home
 Disinfectant [or disinfecting] home [or house] [or household] cleaner [cloth]
 Disinfectant [or disinfecting] surface cleaner [cloth]
 Disinfects [+] *[the "+" next to disinfects leads to the following located on the same label panel:]*
 +Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, and Klebsiella pneumoniae
 Disinfects common household kitchen and bathroom bacteria
 Disinfects environmental surfaces
 Disinfects hard, non-porous environmental surfaces
 Disinfects headsets and telephones
 Disposable
 Each pre-moistened and disposable wipe cleans, deodorizes and kills common household germs all around your [home] [business] [office] [workplace]
 Easy flip top lid
 Effective against flu virus Influenza A2/Hong Kong (Hong Kong flu)
 Effective against the common flu virus*
 Effective daily cleaner
 Effective in 5 minutes against Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, and Klebsiella pneumoniae
 Effectively disinfects common hard, non-porous household surfaces
 Effectively disinfects in the presence of organic soil (5% blood serum)
 Eradicates 99.9% of common household germs
 Everyday, every room disinfectant
 Exhibits effective virucidal activity; kills Influenza A2/Hong Kong (representative of the common flu virus) and Herpes Simplex Type 2 (causative agent of genital herpes)
 For hard, non-porous surfaces
 For use in critical care areas [where control of the hazards of cross contamination between treated surfaces is of prime importance]
 For your toughest kitchen and bathroom messes
 Germicidal cleaner
 Germicidal house [or household] cleaner [cloth]
 Germicidal surface cleaner [cloth]
 Germ-killing household cleaner [cloth]
 Grease cutting formula [or power]
 Great for grease cutting
 Great for on-the-go cleaner [cloth]
 Great on-the-go disinfectant [cloth]
 Guaranteed quality every day
 Hard non-porous surface [cleaning &] disinfecting made easy

The uniquely designed cap with recessed reservoir enables you to keep every wipe its freshest...even the leftovers from your last pull

These wipes are a convenient and quick way to disinfect surfaces all around your [home][business] [office][workplace]

To Clean and Deodorize

Towel

Use on hard, non-porous surfaces only. [Test wipe on small inconspicuous area first.]

Use to clean, deodorize, and disinfect hard, non-porous surfaces in the nursery

Use to disinfect shopping [or grocery] cart handles and shopping [or grocery] cart child seats

Use wipes to kill Influenza A2/Hong Kong on bath and kitchen hard, non-porous surfaces

Use wipes to kill Salmonella, and Staphylococcus on bath and kitchen hard, non-porous surfaces

Value Pack

Versatile disinfectant [or disinfecting] cleaner

Virucidal* [or] Kills viruses* * Influenza A2/Hong Kong (Hong Kong flu), Herpes Simplex Type 2

Virus-killing household cleaner*

Wipe down shopping [or grocery] cart handles and child seats

Wipes out 99.9% of common household germs [or microbes]

Wipes out 99.9% of germs that commonly infect your home

Wipes out a common flu virus* [or flu-causing virus*]

[* Asterisk next to virus (viral) leads to the following located on the same panel:
*Influenza A2/Hong Kong (Hong Kong flu), Herpes Simplex Type 2]

[insert product name] cleans, deodorizes, and disinfects common hard non-porous indoor and outdoor surfaces. These pre-moistened, [insert scent from list above] wipes contain scrubbing fibers for effective everyday cleaning and for tough stains, such as soap scum and baked-on grease. Effective in 5 minutes against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa. Effective against flu virus Influenza A2/Hong Kong.

Pre-moistened [pre-soaked or pre-sprayed or pre-wetted] towels are effective for everyday cleaning, deodorizing and disinfecting. Effective in 5 minutes against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa. Kills Influenza A2/Hong Kong. Cleans and disinfects common hard non-porous surfaces. General use: Kitchen and bathroom surfaces, doorknobs, telephones, pet areas, cribs and toys.

if one of the following one step cleaner claims is used:

A One Step** Cleaner/Disinfectant

An Effective One-Step** [Cleaner] Disinfectant

Easy, One Step** Cleaning and Disinfecting

and HIV-1 claims are included on the label, then the following also must be included on the label:

**a pre-cleaning step is required for HIV-1

If ultrasound directions/claims are included on label then add: and ultrasound transducers [or probes]

If HIV is not listed on the label, any of the three one step cleaning/disinfecting claims may be used without the asterisks and phrase requiring pre-cleaning.
