

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

9480-17

Date of Issuance:

2/25/25

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Project Namor

Name and Address of Registrant (include ZIP Code):

Jean Claude Marcelin, Sr. Manager, Regulatory Affairs
Professional Disposables International, Inc. (PDI)
400 Chestnut Ridge Road
Woodcliff Lake, NJ 07677

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Heather Garvie, Senior Regulatory Advisor
RMBII Antimicrobials Division (7510P)

Date:

2/25/25

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 9480-17."
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 1/23/2025
- Alternate CSF 1 dated 1/23/2025

If you have any questions, please contact Kasey Chambers at chambers.katelyn@epa.gov.

THE INFORMATION IN BOX IS NOT PART OF THE LABELING

[] - Statements in brackets are optional or instructional. Italicized words in brackets are not included.

A footnote can be used to list organisms. Bacteria and virus can be separated into footnotes 1 and 2 if desired.

When organisms are listed next to a claim, the organisms may be listed in a footnote instead of directly next to the claim

Sequence and placement of phrases is optional unless specified in 40 CFR 156.10.

Capitalization, plurals or singular, bold and italics are all variable unless specified in 40 CFR

The terms "Wipe(s)", "Towel(s)", "Towelette(s)" and "Cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

The word "and" and symbol "&" can be used interchangeably

All directions maybe written in numbered form or in paragraph form. Graphics, symbols, and logos may vary in color. All use surfaces and/or use sites on the label may be used in conjunction with an image of the use surface and/or use site.

March 15, 2024

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. [See directions for use on container[s] inside.] [For packet use: See directions for use on the outer container.] [For canister with peel back labels: Peel [back] for additional labeling OR Peel [back] label for additional information.] [Consult [equipment] manufacturer's instructions prior to use.] [[For surfaces,] Test wipe on small inconspicuous area before use.] Do not use on natural marble, unpainted wood and colored grout.

[Dispensing directions]

[Use one of the following as applicable to type of container:]

[Generic]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Open lid. Pull out wipe. Close lid tightly.

[Canister]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]:

Remove lid [.] [and discard inner seal] [from container or canister.] Find center of wipe roll, remove first wipe for use, twist corner of next wipe into a point and thread through the hole in the [container or canister] lid. Pull through about one inch. Replace lid. Dispense remaining wipes as necessary by pulling out at an angle. When not in use keep [center cap of] lid closed to prevent moisture loss.

[Canister lid with two openings]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Remove lid [.] [and discard inner seal] [from container or canister.] Find center of wipe roll, remove first wipe for use, thread next wipe through the hole in the [container or canister] lid. Pull through at least one inch. Replace lid. To secure wipe, pull wipe down into small opening. Dispense single wipes as necessary by pulling out at an angle through the small opening. Dispense multiple wipes as necessary by pulling vertically through the large opening. Pull down into small opening to tear. When not in use keep [center cap of] lid closed to prevent moisture loss.

[SlimPack/TrimPack/JetPack]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Open package lid. Completely remove inner seal. Find center of wipe roll, remove first wipe for use, thread next wipe through the hole in the container [or canister or packaging] lid. To secure wipe, pull wipe down into small opening. Dispense single wipes as necessary by pulling out at an angle through the small opening. Dispense multiple wipes as necessary by pulling vertically through the large opening. Pull down into small opening to tear. Snap lid closed after use to retain moisture.

[Travel pack]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Peel back label slowly. Pull out wipes as needed and reseal label. Unfold wipe.

THE INFORMATION IN BOX IS NOT PART OF THE LABELING

March 15, 2024

[Soft pack/Flow pack/Portable pack]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Open package lid. Completely remove inner seal. Pull out wipe [at an angle] [towards you through orifice *or* opening]. [(The next wipe pops up automatically).] Snap lid closed after use to retain moisture.

OR

To Dispense [or To use] [SOLO® PAK] [or soft pack]] [or product]:

Open package lid. [Use pull tab to] [Completely remove inner seal.] Pull out wipe [at an angle] [towards you through orifice *or* opening]. [The next wipe pops up automatically.] Snap lid closed after use to retain moisture.

OR

To Dispense [or To use] [SOLO® PAK] [or soft pack]] [or product]:

Open package lid. [Use pull tab to] Completely remove inner seal. Apply pressure around opening and pull wipe out [at an angle]. Snap lid closed after use to retain moisture.

OR

To Dispense [or To use] [SOLO® PAK] [or soft pack]] [or product]:

- Open package lid.
- [Use pull tab to] Completely remove inner seal.
- [Apply pressure around opening and] pull wipe out [at an angle].
- Snap lid closed after use to retain moisture.

SOLO® is a registered trademark of Nice-Pak Products, Inc.

[Box]

Open [box] along perforations as indicated. Remove packets as needed.

[Packet or Package]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Tear open packet [or package]. Unfold wipe and use as directed. Discard after single use.

*[For use on small single packets only: [Not labeled for individual sale [or distribution]] [See dispenser [or container *or* box *or* case *or* outer packaging] for [additional *or* full label] information].*

March 15, 2024

[Bulk Pack/Bulk Flex Pack/]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Open package lid. Push down around [the] ring area to break the seal and then pull on [the] ring to completely remove inner seal. Align [the] opening in the lid to the center of the wipe roll, remove first wipe for use, then thread next wipe through the hole in the packaging lid. To secure wipe, pull wipe down into small opening. Dispense single wipes as necessary by pulling out at an angle through the small opening. Dispense multiple wipes as necessary by pulling through the large opening. Pull down into small opening to tear. Snap lid closed after use to retain moisture.

[Pail & Refill Packaging]

REFILL [PACKET] [or PACKAGE] [or POUCH] [or CANISTER] [or BUCKET] [or PAIL] [or DISPENSER]:

This refill package is made for use only in a [product name] container [or canister or bucket or pail or dispenser]; do not use this product in a container [or canister or bucket or pail or dispenser] for another product. Do not use the refill wipes in a container [or canister or bucket or pail or dispenser] that is cracked or broken. Discard the cracked or broken container [or canister or bucket or pail or dispenser] in accordance with the container [or canister or bucket or pail or dispenser] disposal instructions on the label.

[Option 1]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Remove [entire] lid from container [or canister or bucket or pail or dispenser]. Tear open refill packet [or package] [or pouch] at notch [or mark] [or arrow] and place [wipe] roll in empty container [or canister or bucket or pail or dispenser]. Follow information on container [or canister or bucket or pail or dispenser] to dispense wipes.

OR

[Option 2]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]: Remove [entire] lid from container [or canister or bucket or pail or dispenser]. Tear open refill packet [or package] [or pouch] at notch [or mark] [or arrow]. Place [entire] refill packet [or package] [or pouch] of wipes in empty container [or canister or bucket or pail or dispenser]. Follow information on container [or canister or bucket or pail or dispenser] to dispense wipes.

CONTAINER [or CANISTER or BUCKET or PAIL or DISPENSER] [numbers optional]

TO DISPENSE [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]:

1. Remove [the] lid [from] [the] [pail or bucket or container or canister or dispenser].
2. [Press] open [the] [dispenser at center of [the] lid].
3. Open [the] refill [packet] [package] [pouch] then place in [pail or bucket or container or canister or dispenser].
4. Locate [the] first wipe at [the] center of [the] roll.
5. Feed [the] first wipe through [the] dispensing orifice.
6. Reapply [the] lid to [the] [pail or bucket or container or canister or dispenser].
7. Dispense [the] wipe.

March 15, 2024

FOR THE REFILL[S] [PACKET] [PACKAGE] [POUCH] [CANISTER] [BUCKET] [PAIL] DISPENSER]:

1. Remove [the] lid from [the] [pail or bucket or container or canister or dispenser.]
2. Remove [the] empty refill [packet] [package] [pouch] material from [the] [pail or bucket or container or canister or dispenser.]
3. Press open [the] dispenser at center of [the] lid.
4. Open [the] refill [packet] [package] [pouch] then place in [pail or bucket or container or canister or dispenser].
5. Locate [the] first wipe at [the] center of [the] roll.
6. Feed [the] first wipe though [the] dispensing orifice.
7. Reapply [the] lid [to] [the] [pail or bucket or container or canister or dispenser].
8. Dispense [the] wipe.

The following statement may be added to the inner seals of packaging formats containing inner seals:
REMOVE COMPLETELY.

[Disinfection directions]

TO DISINFECT [AND DEODORIZE] HARD, NONPOROUS SURFACES: If present, use a wipe to remove visible soil prior to disinfecting. Unfold [a] [clean] wipe and thoroughly wet surface. Allow surface to remain visibly wet for contact time(s) listed on the label [OR for one (1) minute]. [Use [additional] [enough] wipe(s) [, if needed,] to ensure [continuous] [visibly wet contact time(s) listed on the label.] [one (1) minute visibly wet contact time.] [Repeated use of the product may be required to ensure that the surface remains visibly wet [for contact time(s) listed on the label] [for one (1) minute]. Let air dry. A potable water rinse is required for food contact surfaces. *[If label includes cleaning claims for grease, soap scum, grime, dirt, messes, soil, add the following as the first sentence: A precleaning step is required for [grease], [soap scum], [grime], [dirt], [messes], [visible soil]].*

March 15, 2024

[The following sets of directions are optional and for hospital/medical facility use only:]

[The following instructions are to be included on production labels when claims against HIV, and/or HBV and/or HCV are listed; one, two or all three of the viruses may be included on claims and directions in production labels.]

†KILLS HIV-1 (AIDS VIRUS), HEPATITIS B VIRUS (HBV) AND HEPATITIS C VIRUS (HCV) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS [AND PRECLEANED EXTERNAL SURFACES OF ULTRASOUND TRANSDUCERS[,] SCOPES [OR] [AND] [PROBE[S]] PREVIOUSLY SOILED WITH BLOOD/BODILY FLUIDS at room temperature (68°- 77°F) or (20°- 25°C) in healthcare or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or bodily fluids, and in which the surfaces/objects likely to be soiled with blood or bodily fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS), Hepatitis B Virus (HBV) and Hepatitis C Virus (HCV).

†SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HEPATITIS B VIRUS (HBV) AND HEPATITIS C VIRUS (HCV) ON SURFACES/OBJECTS SOILED WITH BLOOD/BODILY FLUIDS:

Personal protection: When handling HIV-1 (AIDS Virus), HBV or HCV infected blood or bodily fluids; wear disposable protective gloves, protective gowns, masks and eye coverings [,] [per facility protocol].

Cleaning procedure: All blood and other bodily fluids must be thoroughly cleaned from surfaces and objects before disinfection by the [germicidal] wipe.

Disposal of infectious materials: Used wipe that may be contaminated with blood and other bodily fluids should be disposed of according to local regulations for infectious waste disposal.

Contact time: Use [germicidal] wipe to thoroughly wet surface. Allow surface to remain visibly wet [for] one (1) minute. [Use [additional] [enough] wipe(s) [if needed,] to ensure [continuous] one (1) minute [or (60) seconds] visibly wet contact time.]] [Repeated use of the product may be required to ensure that the surface remains visibly wet for one (1) minute [or (60) seconds].] Let air dry.

[The following instructions are to be included on production labels when C.auris claims are listed.]

Special Instructions For Cleaning Prior To Disinfection Against *Candida auris*:

Personal protection: Wear appropriate barrier protection such as gloves, gowns, masks, and eye coverings [per facility protocol].

Cleaning procedure: Fecal matter/waste must be thoroughly cleaned from surfaces/objects before disinfection by application with [product name] [this product]. Precleaning is to include vigorous wiping and/or scrubbing and all visible soil is removed. Surfaces in patient rooms are to be cleaned in an appropriate manner, such as from right to left or left to right, on horizontal surfaces, and top to bottom, on vertical surfaces, to minimize spreading the organism. Restrooms are to be cleaned last. Do not reuse soiled cloths.

Infectious waste disposal: Materials used in the cleaning process that may contain feces/wastes are to be disposed of immediately in accordance with local regulations for infectious materials disposal.

Contact time: Use [germicidal] wipe to thoroughly wet surface. Allow surface to remain visibly wet for one (1) minute. [Use [additional] [enough] wipe(s) [if needed,] to ensure [continuous one (1) minute visibly wet contact time.]] [Repeated use of the product may be required to ensure that the surface remains visibly wet for one (1) minute.] Let air dry.

THE INFORMATION IN BOX IS NOT PART OF THE LABELING

[] - Statements in brackets are optional or instructional. Italicized words in brackets are not included.

March 15, 2024

[The following sets of directions are optional]

[ULTRASOUND TRANSDUCERS, SCOPES [AND][OR] PROBE[S]: For use on external surfaces of ultrasound transducers, scopes [and][or] probes only prior to high-level disinfection [(HLD)]. **To disinfect [and decontaminate] prior to high-level disinfection [or HLD]:** [Pre] clean gel from external surface of ultrasound transducer, scope [and] [or] probe by using a clean washcloth or [germicidal] wipe. Then, follow instructions to disinfect.]

[Cleaning directions]

[[TO CLEAN][CLEANING]][AND][DEODORIZE][DEODORIZING] HARD, NONPOROUS, NONFOOD CONTACT SURFACES: Wipe surface [with towelette] until clean. Let air dry.]

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal. *[Statement not required for residential or household use products.]*

[Use storage/disposal Statement A if canister, bucket, pail, tub or refill dispenser directions used.

Use storage/disposal Statement B if Solo® Pak, Portable Pack, Soft Pack, Flow Pack, Packet, Pouch, flexible packs, mobile packs, belt packs, SlimPack/TrimPack/JetPack, Travel pack, Bulk Pack/Bulk Flex Pack or [refill] [packet/package] directions used.]

[Statement A:]

Storage: Store this product in a cool and dry area. When not in use, keep [center cap of] lid closed to prevent moisture loss.

Towelette Disposal: Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

Canister [or Container or Bucket or Pail or Dispenser] Handling: Nonrefillable canister [or container or bucket or pail or dispenser]. Do not reuse or refill this canister [or container or bucket or pail or dispenser]. Offer for recycling. If recycling is not available, put in trash [collection].

[If refillable dispenser is being used, substitute the following: Refill Package [or Canister or Container or Bucket or Pail or Dispenser] Handling: Offer for recycling. If recycling is not available, discard in trash.]

[Statement B:]

Storage: Store this product in a cool and dry area.

Towelette Disposal: Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

Packet [or Package or Pouch or Container or Dispenser or Bulk Pack] Handling: Put empty Solo® Pak [or Portable Pack or Soft Pack or Flow Pack or Bulk pack or [refill] packet or packaging or pouch]] in trash [collection].

[Terminal Sterilant Disclaimer per PR Notice 94-4]

[The following paragraph must be used if hospital and healthcare use sites are on the label.]

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

March 15, 2024

[Note: The following Emerging Viral Pathogen claims will not appear on product labels]

Emerging Viral Pathogen Claims

This product qualifies for emerging viral pathogen claims per the EPA’s ‘Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels’ when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category[ies]:

- Enveloped Viruses
- Large, Non-Enveloped Viruses
- Small, Non-Enveloped Viruses

For an emerging viral pathogen that is a/an...	...follow the directions for use for the following organisms on the label:
Enveloped virus	Feline Calicivirus, Strain F-9 (ATCC VR-782)
Large, non-enveloped virus	Feline Calicivirus, Strain F-9 (ATCC VR-782)
Small, non-enveloped virus	Feline Calicivirus, Strain F-9 (ATCC VR-782)

[Product name] has demonstrated effectiveness against viruses similar to [name of emerging virus] on hard, nonporous surfaces. Therefore, [product name] can be used against [name of emerging virus] when used in accordance with the directions for use against Feline Calicivirus, Strain F-9 (ATCC VR-782) on hard, nonporous surfaces. Refer to the [CDC or OIE] website at [pathogen specific website address] for additional information.

[Name of illness/outbreak] is caused by [name of emerging virus]. [Product Name] kills similar viruses and therefore can be used against [name of emerging virus] when used in accordance with the directions for use against Feline Calicivirus, Strain F-9 (ATCC VR-782) on hard, nonporous surfaces. Refer to the [CDC or OIE] website at [website address] for additional information.

March 15, 2024

Optional Claims and Descriptors [Note: Deodorizing directions must be used when deodorizing claims (claims involving odor control) are used]

Disinfecting claims

- 1 minute is all it takes to kill 99.9% of bacteria
- 1 [or One] [-] minute contact time against SARS-CoV-2 ^Φ [or Coronavirus ^Φ] [,] [or the virus that causes COVID-19 ^Φ] [the] [or COVID-19 virus^Φ]
- 1 [or One] [-] minute contact time against *Candida auris* [or *C. auris*]
- 1 [or One] minute contact time against [insert organism(s) from Table 4]
- 1 [or One] minute [Bactericidal] [,] [Virucidal*] [,] [Fungicidal] [,] [and] [Tuberculocidal]
- 1 [or One] minute [kill] [contact] time on [X] microorganisms
- 1 [or One] minute kill [or contact] time reduces time to turnover room
- 1 [or One] minute [general] disinfectant
- 1 [or One] -step[▲] disinfectant cleaner for hard, nonporous surfaces
- 60 second contact time against SARS-CoV-2 [or Coronavirus] [,] [or the virus that causes COVID-19] [the] [or COVID-19 virus] ^Φ
- 60 second contact time against *Candida auris* [or *C. auris*]
- 99.9% Effective against SARS-CoV-2 ^Φ [or Coronavirus ^Φ] [,] [or the virus that causes COVID-19 ^Φ] [the] [or COVID-19 virus^Φ] [in 1 minute]
- 99.9% effective against SARS-CoV-2 [or Coronavirus] [,] [or the virus that causes COVID-19] [the] [or COVID-19 virus] [in 60 seconds] ^Φ
- 99.9% effective against [insert virus(es) from Table 4] [^Φ] [on hard, nonporous surfaces]
- 99.999% effective against [drug-resistant] *Candida auris* [or *C. auris*] [drug-resistant strain]
- 99.9% Effective in Killing [or Against] Germs [or bacteria]
- 99.999% Effective in killing against [drug-resistant] *Candida auris* [or *C. auris*] [drug-resistant strain]
- 99.9% Effective in Killing [or Against] Household Germs ^Ω [or bacteria ^Θ] on hard, nonporous surfaces
- A 1 [or One] -step[▲] disinfectant cleaner for hard, nonporous surfaces
- A 1 [or One] -step[▲] cleaner and disinfectant for hard, nonporous surfaces
- A disinfectant and cleaner (that cleans, disinfects and deodorizes in one labor saving step) when used according to disinfection directions for use.
- A [disinfectant] [ready to use disinfectant] [nonwoven] [disposable] [cloth] [wipe] for use [in hospitals] [and] [other critical care areas] [or insert area of use facility from Tables 1] [where reduction between treated hard, nonporous surfaces is required]
- Aids in reducing [or in the reduction of] cross contamination between treated surfaces
- All in one [Multi-purpose] [everyday] [daily] [touch-up] [cleaning] [cleaner] [disinfectant[▲]]
- All-in-one [[disinfecting] [and] [cleaning]] [for an easy clean] [[▲]]
- An effective [or ideal] solution [or product] to [clean] disinfect [odor-causing] [bacteria] [germs] [Norovirus] [viruses*] [flu virus*] [pathogens ^Ω] [harmful] [fungus] on hard, nonporous surfaces [fomite]
- An effective method [or way] to [clean*] [deodorize] [and] disinfect against odor-causing organisms on hard, nonporous surfaces listed on this label
- An effective method to clean against odor-causing organisms on hard nonporous surfaces listed on this label.
- An effective method to deodorize and disinfect against odor-causing organisms on hard, nonporous surfaces listed on this label.
- An effective method to deodorize and disinfect against odor-causing organisms on hard, nonporous surfaces [listed on this label]
- An effective one step[▲] disinfectant cleaner for hard, nonporous surfaces

- Cleans and disinfects common hard, nonporous, nonfood contact surfaces [▲]
- Clean[s] and disinfect[s] finished floors, sinks and tubs. [▲]
- [Cleans] [and] disinfect[s] [▲] the following surfaces [*insert use surfaces from Table 1*].
- [Cleans and] [disinfect[s] [▲]] the following hard, nonporous, nonfood contact surfaces [*insert use surfaces*].
- [Cleans] [and] [disinfects [▲]] without scratching [surfaces] [job] [work] [site] [area]
- Cleans and disinfects [▲] without alcohol
- Cleans [as it disinfects [▲]] [and disinfects [▲]]
- Cleans as it disinfects in one step [▲]
- Cleans [,] [Deodorizes,] and kills [common] [household] germs [*use at least two bacteria and two viruses from Table 4 if "household" is included in claim*] [▲] [¢]
- Cleans [deodorizes] [disinfects [▲]] [eliminates odors]
- [Cleans [▲]] [,] disinfects and kills [99.9% of] [germs] [*or bacteria*] [on hard, nonporous surfaces]
- [Cleans [▲]] [,] disinfects and kills [viruses [†]] [and bacteria]
- [Cleans] [Disinfects [▲]] [Exterior Toilet Surfaces] [Bathroom Sinks and Counters]
- [Cleans] [disinfects] [Cleaner and disinfectant] [in one] [all in one step] [▲]
- [Cleans] [disinfects] [Cleaner and disinfectant] [in one] [all in one] [simple] step [▲]
- [Cloth-like texture] [Textured] [strong] for disinfecting [and][or] [cleaning][[▲]]
- Convenient way to clean [and] [disinfect [▲]]
- Convenient way to [clean] [touch-up] [and] [disinfect [▲]] [hard, nonporous surfaces] [bathroom] [*or exterior toilet surfaces*]
- Convenient way to disinfect hard, nonporous surfaces in a bathroom [*or*] exterior toilet surfaces
- Convenient way to keep your [home] [office] [surroundings] [environment] [looking] [just] clean[ed] [and disinfect [▲]]
- [Convenient] [Portable] way to [clean [▲] and] disinfect hard, nonporous surfaces
- Convenient [Portable] way to disinfect hard, nonporous surfaces [*or* [¢]]
- Covers [X%] more area than standard [Xin x Xin] [X x Xin] [X x X"] [disinfecting] wipe
- Daily Hydrogen peroxide [formulation] [wipe] [RTU] [formula]
- Deliver[s] disinfectant and cleaning performance [▲]
- Demonstrates 99.9% reduction of bacteria
- Deodorizes, and kills common household germs ^Ω [¢]
- Designed for disinfection [in healthcare] [*or on healthcare surfaces*] [¢]
- Designed for killing [*insert microorganism(s) from Table 4*] on hard, nonporous surfaces [in hospitals] [*or healthcare facilities*] [*or Insert area of use facility from Tables 1*]
- [Destroys 99.9%] [Deactivates 99.9%][[Helps] Eliminate[s] 99.9%]] [*insert microorganism(s) from Table 4*] on hard, nonporous surfaces [in hospitals][[*or Insert area of use facility or from Tables 1*]
- [Destroys 99.9%] [Deactivates 99.9%] SARS-CoV-2 [Coronavirus] [,] [the virus that causes COVID-19] [the] [COVID-19 virus] on hard, nonporous surfaces [in hospitals] ^Φ
- [Destroys 99.999%] [Deactivates 99.999%] *Candida auris* [*or C. auris*] on hard, nonporous surfaces [in hospitals]
- [Destroys 99.9%] [Deactivates 99.9%] [SARS-CoV-2] [Coronavirus] [,] [the virus that causes COVID-19] [the] [COVID-19 virus] ^Φ
- Destroys 99.9% flu virus* (*2009 Influenza A Virus H1N1)
- [Disinfects] [Deactivates 99.9%] [Kills] flu virus* in 60 seconds [*or 1 minute*]] (*Effective against the flu virus caused by 2009 Influenza A Virus H1N1)
- Disinfect [and for touch-up clean [▲]]

THE INFORMATION IN BOX IS NOT PART OF THE LABELING

[] - Statements in brackets are optional or instructional. Italicized words in brackets are not included.

A footnote can be used to list organisms. Bacteria and virus can be separated into footnotes 1 and 2 if desired.

When organisms are listed next to a claim, the organisms may be listed in a footnote instead of directly next to the claim

Sequence and placement of phrases is optional unless specified in 40 CFR 156.10.

Capitalization, plurals or singular, bold and italics are all variable unless specified in 40 CFR

The terms "Wipe(s)", "Towel(s)", "Towelette(s)" and "Cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

The word "and" and symbol "&" can be used interchangeably

All directions maybe written in numbered form or in paragraph form. Graphics, symbols, and logos may vary in color. All use surfaces and/or use sites on the label may be used in conjunction with an image of the use surface and/or use site.

March 15, 2024

- Disinfect and scrub clean[▲]
- [Disinfect[▲]] [clean] [your cart] before you shop
- Disinfectant cleaner [that cleans, disinfects and deodorizes] [in one labor saving step [▲]]
- Disinfectant wipe
- Disinfectant [or Disinfecting] wipe[s] [or towelettes]
- Disinfects as it cleans [when used according to disinfection directions for use] [or [▲]]
- Disinfect external surfaces of ultrasound [transducers][,][scopes][and][probes]
- Disinfect, clean and deodorize hard, nonporous surfaces [in rest rooms and toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause malodors.][▲]
- Disinfecting [cleaning] [wipes] [formula]
- Disinfection technology
- Disinfects and cleans tough stains[▲]
- Disinfects and deodorizes
- [Disinfects] [and] [kills] SARS-CoV-2 ^Φ [or Coronavirus ^Φ] [,] [or the virus that causes COVID-19 ^Φ] [the] [or COVID-19 virus ^Φ] [on hard, nonporous surfaces]
- [Disinfects] [and] [kills] *Candida auris* [or *C. auris*] [^Φ] [on hard, nonporous surfaces]
- Disinfects [as it cleans[▲]] [and scrubs in one step [▲]]
- Disinfects [germs] [viruses*] [bacteria] on hard nonporous [kitchen] [bathroom] [floors] [surfaces] in [just] 1 minute
- Disinfects [,] [cleans[▲]] [and deodorizes] hard, nonporous surface(s) [that people touch] [in] [just] [1 minute] [or 60 seconds]
- [Disinfects] hard, nonporous surfaces
- Disinfects hard, nonporous [environmental] surfaces^Φ [in 1 minute] [or 60 seconds]
- Disinfects [health club equipment] [treadmill handles] [elliptical handles] [exercise bike handles] [weight benches]
- [Disinfects][Kills] [Effective against] Norovirus [Feline Calicivirus] in 1 [one] minute [or 60 seconds]
- Disinfects on the go^{▲,Φ}
- Disinfects headsets and telephones
- Disinfects while cleaning [up] stubborn messes [▲]
- Dual action cleans up stubborn messes while it disinfects[▲]
- Dual action formulation providing broad spectrum activity against: [fungi][,] [mycobacteria][,] [viruses*][,] [and] [bacteria] [listed on this label]
- Each [pre-moistened] [,] [disposable wipe] [actually] kills germs [or bacteria] [or viruses*] [wherever you use it]
- Easy to use
- Effective against a broad range [or spectrum] of microorganisms
- Effective against [a] tough, non-enveloped virus[es] * [such as] [:][*insert virus[es] from Table 4*]
- Effective against all listed organisms in the presence of organic soil (5% blood serum)
- Effective against bacteria and viruses*
- Effective against [the] [common] flu virus* (*2009 Influenza A Virus H1N1)
- Effective against germs [and/or] [bacteria] [viruses*]] [spread by [or from] sneezing/coughing/touching]
- Effective against [*insert microorganism(s) from Table 4*] [in [1 [or one minute]]] [or 60 seconds]
- Effective against [:] [the following microorganisms on hard, nonporous surfaces] [*list organisms from Table 4*]
- Effective against Bloodborne Pathogens [:] [*insert bloodborne pathogens listed in Table 4*]
- [Effective against] [kills] *Candida auris* [or *C. auris*] [in [1 [or one minute]]] [or 60 seconds]
- Effective [against non-enveloped viruses*] [in 1 minutes]
- [Effective against] [kills] Norovirus [in [1 [or one minute]]] [or 60 seconds]
- [Effective against] [kills] SARS-CoV-2 [*and/or* Coronavirus] [*and/or* the virus that causes COVID-19] [in 1 minute] [in 60 seconds]^Φ

THE INFORMATION IN BOX IS NOT PART OF THE LABELING

[] - Statements in brackets are optional or instructional. Italicized words in brackets are instructional. Italicized words in brackets are not included.

A footnote can be used to list organisms. Bacteria and virus can be separated into footnotes 1 and 2 if desired.

When organisms are listed next to a claim, the organisms may be listed in a footnote instead of directly next to the claim

Sequence and placement of phrases is optional unless specified in 40 CFR 156.10.

Capitalization, plurals or singular, bold and italics are all variable unless specified in 40 CFR

The terms "Wipe(s)", "Towel(s)", "Towelette(s)" and "Cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

The word "and" and symbol "&" can be used interchangeably

All directions maybe written in numbered form or in paragraph form. Graphics, symbols, and logos may vary in color. All use surfaces and/or use sites on the label may be used in conjunction with an image of the use surface and/or use site.
