NET CONTENTS 1/2 LB.(8 OZS.)

DIRECTIONS FOR USE:

it is a violation of Federal law to use this product in a manner inconsistent with its labeling

READ THIS LABEL: Read this entire label and follow all use directions and use precautions

IMPORTANT Do not expose children, pets or other nontarget animals to rodernicides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply belt in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in temper-resistant belt stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a measure that prevents such children from reaching into maching lab. If belt can be shaken from stations when they are lifted, units result be secured or otherwise transchiligated. Even stronger belt stations are needed in areas open to hoofed livestock, response, bears, or other potentially destructive aritmets, or in areas prone to vanisation.

2. Discovery of the protect conditions and unwell applied of property and half or transchilded on this terminal condition.

3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this labe

USE RESTRICTIONS - For control of Norway rats, roof rats, and house mice in and around homes, industrial building, and similar man-made structures. Do not place ball in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Do not broadcast bait

SELECTION OF TREATMENT AREAS - Determine areas where rats or mice will most likely find and consume the bait. Generally, these are along walls by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Protect bait from rain or snow. Remove as much alternative food as possible.

APPLICATION DIRECTIONS

RATS: Apply 4 to 16 oz. of bait per placement. Maintain uninterrupted supply of fresh bait for at least 10 days. The amount of balt in this 8 oz. package is unlikely to be sufficient to kill more than 2 to 4 rats.

MICE: Apply 1/4 to 1/2 oz. (1-2 level tablespoons) of bait at 8- to 12- foot intervals. Larger placements (up to 2 oz.) may be needed at points of very high mouse activity. Maintain an uninterrupted supply of fresh bait for at least 15 days

RATS & MICE: Replace contaminated or spoiled bait immediately. Collect and dispose of all dead animals and leftover bait properly. To prevent reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment, Where a continuous source of infestation is present, establish permanent bari stations and replenish as needed.

STORAGE AND DISPOSAL

STORAGE

Store only in original container, in a dry place inaccessible

to children and pets

DISPOSAL

If Empty: Do not reuse this container. Place in trash or offer for recycling if available

If partly filled: Call your local solid waste agency or call 1-800-CLEANUF for disposal instructions. Never place unused product

down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Keep away from humans, domestic animals and pets. If swallowed, this materiel may reduce the totting ability of the blood and cause bleeding

NOTE TO PHYSICIAN - If ingested, administer Vitamin K 1 intramuscularly or orally, as Indicated In bishydroxycoumarin overdoes. Repeat as necessary based on monitoring of prothrombin times.

ENVIRONMENTAL HAZARDS

This product is toxic to marrimals and birds. Do not apply this product to water, swamps, bogs, or potholes.

MANUFACTURER'S AND SELLERS GUARANTEE SHALL BE LIMITED TO THE TERMS OF THIS LABEL AND SUBJECT THERETO. THE BUYER ASSUMES ANY RISKS TO PERSON OR PROPERTY RISING OUT OF THE MISUSE OR HANDLING AND ACCEPTS THE PRODUCT ON THESE CONDITIONS.

Re: PR Notice 2001-6 - Disposal Change

To Whom It May Concern:

Kelley's Anticoagulant Rat & Mouse Bait label has been changed to reflect the new disposal instructions on Non-Antimicrobial Residential/Household Use Pesticide Product Labels. I have made no other changes to the label.

If you have questions, please do not hesitate to call.

Sincerely,

President/Owner
