

R.B. #2

# KILLS RATS AND MICE

Active Ingredients:

Warfarin 3 (a-Acetylbenzyl)-4-hydroxycoumarin	0.025%
N <sup>1</sup> (2 Quinoxaliny) sulfanilamide (sulfaquinoxaline)	0.025%
Inert Ingredients	99.950%

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

See other panel for additional cautions.

*ATTRACTIVE      ACCEPTABLE      EFFECTIVE*

**ATTRACTIVENESS** Field tests have shown that R.B. #2 is highly acceptable.

**ACCEPTABILITY** Field tests have shown that once rats begin to feed on R.B. #2 it will produce a lethal dose.

**EFFECTIVENESS** Field tests have shown that R.B. #2 will kill rats and mice when used as directed.

**Residual** Long term control by continuing baiting with R.B. #2.

**DIRECTIONS:**

**RATS:** Place two R.B. #2 1/4 oz. packs where rats feed, water and/or travel. Placement along walls, in corners, and in concealed locations is desirable. Check bait station daily to assure an uninterrupted supply of bait for not less than 10 days. Continue baiting until all signs of feeding have stopped.

**MICE:** Place 1/4 to 1/2 oz. of R.B. #2 in a shallow, dry container next to burrows, in runways, or where mice are accustomed to feeding. It is recommended that bait be placed at intervals of 8 to 12 feet. Check bait stations daily to assure an uninterrupted supply of bait for not less than 15 days. Continue baiting until all signs of feeding have stopped.

**CONSTANT CONTROL:** Replace depleted bait. Stale, damp or moldy baits should be replaced with fresh bait promptly.

**CONTROLS:** Norway Rat, Roof Rat, and House Mouse

**CAUTION:** Protect children, domestic animals and wildlife from bait. If swallowed by humans, domestic animals or wildlife, this material may reduce the clotting ability of the blood and cause bleeding. In such cases, intravenous and oral administration of Vitamin K combined with blood transfusions are indicated as in the case of hemorrhage caused by overdoses of Bishydroxycoumarin.

Baits should be placed in areas not accessible to children and pets, wildlife and domestic animals or in tamper proof bait boxes.

**KEEP AWAY FROM DOGS, PETS, OTHER DOMESTIC ANIMALS AND WILDLIFE**

Do not reuse container. Destroy when empty.
