

ROACHES AND ANTS

For indoor household use only. Dust in drawers of cabinets, near sink, and in cracks and crevices to kill ants and roaches that visit these places. Also dust around window frames door sills or where ants may enter the house. Directly contact as many insects as possible. Apply to ant-trails wherever they are found. Repeat application when needed. Do not apply where children are likely to come in contact with treated surfaces. Apply dust only in sufficient quantity to produce a fine light coating.
