JAN 9 1987

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, the pesticide registration number is 9591-27.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Avoid breathing dusts. Avoid contact with eyes. Harmful if swallowed. Avoid contact with skin. Wash hands after handling. Do not contaminate feed, water or foodstuffs.

STATEMENT OF PRACTICAL TREATMENT

- IF ON SKIN:** In case of contact, remove contaminated clothing and immediately wash skin with soap and water.
- IF IN EYES:** Flush eyes with plenty of water for 15 minutes. Call a physician.
- IF SWALLOWED:** Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PESTICIDE STORAGE: Store in a cool, dry place.

CONTAINER DISPOSAL: Do not reuse empty container. Wrap container and put into trash collection.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FLEAS ON DOGS & CATS: Apply the powder lightly to the animals hair. Work the powder into the hair and down to the base of the hair. The powder kills fleas by contact when they crawl through the treated area. Sprinkle powder on the bedding of the animals sleeping quarters to kill newly-emerged fleas. Repeat application as needed.

LICE ON DOGS & CATS: Apply lightly to cover infested portion of animals, paying particular attention to ears and long hair on tails. Repeat after ten days or as needed to kill young lice that hatch from eggs.

FLEAS AND LICE ON PUPPIES AND KITTENS: Treat the same as adult dogs and cats. Do not use on lactating cats and dogs. Do not use on dogs and cats that are still nursing.

LICE ON POULTRY: The powder should be well dusted into the feathers of the bird. The treatment may be applied on the basis of a general dusting or pinching method. Pinching should be applied on the breasts, on the thighs under the wing and around the vent. Repeated applications are necessary.

WARRANTY/LIMITATION OF DAMAGES

We warrant that this material conforms to the chemical description on the label. We make no other EXPRESS or IMPLIED Warranty, including any other express or implied warranty of fitness or merchantability, and no agent of the company is authorized to do so except in writing with a specific reference to this warranty. Any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values, etc.
