DISPOSAL

Do not re-use empty container. Wrap container and put in trash collection.

Use as a spot treatment on localized surface areas only.

To operate: Holding the can upright, with orifice directed toward surface to be treated, press actuator button.

To kill Cockroaches, Ants, Silverfish, Spiders, Crickets and Earwigs, spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

To kill Brown Dog Ticks, apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

To control Flies, Mosquitoes, use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
