		9591-164	JUN 1 1993
		Term of Issuance: Conditional	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration		Name of Pesticide Product: Flea Killer for Carpets	
(under FIFRA, as amended)			
Name and Address of Registrant (include ZIP Code): Nationwide Chemical Products, Inc. P.O. Box 13027 Hamilton, Ohio 45013			
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you: 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4. 2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 9591-164". 3. Since you have changed suppliers for the fragrance, please submit an updated confidential statement of formula reflecting that change. 4. Submit two copies of the revised final printed label for the record. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

FLEA KILLER FOR CARPETS
Treats four 10 x 10 Carpets (400 sq. ft.)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Directions:** Shake well before using. Punch plastic seal. For use on carpets, hold upside down across surface. Brush lightly with a broom to allow powder to penetrate carpet fibers. Wait 60 minutes (vacuum cleaner bag.) For severe problems or where ticks are known to be hiding, wait 2-3 hours before adheres to a spot, brush it out and vacuum immediately. Apply to dry surfaces only. Do not allow use on upholstery, remove all loose cushions. Sprinkle along creases, in corners. Brush gently. Sprinkle along underside of furniture. Do not use on exposed fabric; may cause staining. Remove from area. Wrap securely in several layers of newspaper and discard in trash.

To prevent a second generation from flea eggs in the carpet, repeat treatment in 7 days.

*Test on hidden surface of carpet or upholstery before using. If texture or color is effected, do not use. Flea Killer For Carpets.

FLEA CONTROL FOR CATS & DOGS

Punch plastic seal. Hold can upside down and sprinkle powder over animal's back; head to tail, around underbelly, the legs, the base of the tail and where fleas are seen; keeping out of pet's eyes and face. Brush the hair until powder penetrates to skin. Repeat once weekly if necessary.

In addition to fleas, ticks and lice will also be killed when contacted by the powder. Do not treat puppies old. Treat pet sleeping quarters and replace with freshly laundered bedding. For continued control during the season.

FOR PET LIVING QUARTERS

Flea Killer for Carpets kills fleas, ticks and lice on contact. It is non-residual and is designed for use may be objectionable. Treat pet bedding and sleeping quarters liberally using 15 to 20 "sprinkles" (approx. a 50 sq. ft. area. Treat pets resting areas such as infested basements, garages, and beneath porch per 250 sq. ft. Allow dust to remain for 3 to 4 hours and then, where necessary, sweep-up and discard and Disposal.

To prevent a second generation from flea eggs repeat treatment in 5 to 7 days or as needed.

NOTE: Apply to your pet while out-of-doors or in a well ventilated area to avoid breathing airborne out-of-doors plan on repeat treatments at 2 to 3 week intervals during the season. Pets may be bathed 24 hours after treatment to remove dead fleas, ticks and lice.
