READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS OR CATS

FLEA KILLER FOR CARPETS
Treats four 10 x 10 Carpets (400 sq.ft.)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Directions: Shake well before using. Punch plastic seal. For use on carpets*, hold upside down and shake powder evenly across surface. Brush lightly with a broom to allow powder to penetrate carpet fibers. Wait 60 minutes, then vacuum. (Use new vacuum cleaner bag.) For severe problems or where ticks are known to be hiding, wait 2-3 hours before vacuuming. If powder adheres to a spot, brush it out and vacuum immediately. Apply to dry surfaces only. Do not allow powder to become wet. For use on upholstery*, remove all loose cushions. Sprinkle along creases, in corners. Brush gently, wait 60 minutes, vacuum. Sprinkle along underside of furniture. Do not use on exposed fabric; may cause staining. Remove bag from vacuum cleaner. Wrap securely in several layers of newspaper and discard in trash. To prevent a second generation from flea eggs in the carpet, repeat treatment in 7 days. *Test on hidden surface of carpet or upholstery before using. If texture or color is effected, do not use. Clean carpets after using Flea Killer For Carpets.

FLEA CONTROL FOR CATS & DOGS

Punch plastic seal. Hold can upside down and sprinkle powder over animal's back; head to tail, around the neck and ears, the underbelly, the legs, the base of the tail and where fleas are seen; keeping out of pet's eyes and face. Rub in against the lay of the hair until powder penetrates to skin. Repeat once weekly if necessary.

In addition to fleas; ticks and lice will also be killed when contacted by the powder. Do not treat puppies or kittens under 12 weeks old. Treat pet sleeping quarters and replace with freshly laundered bedding. For continued control repeat every 3 to 4 weeks during the season.

FOR PET LIVING QUARTERS

Flea Killer For Carpets kills fleas, ticks and lice on contact. It is non-residual and is designed for use where a chemical residue may be objectionable. Treat pet bedding and sleeping quarters liberally using 15 to 20 "sprinkles" (approximately 1 ounce) over a 50 sq.ft. area. Treat pets resting areas such as infested basements, garages, and beneath porches at the rate of 5 ounces per 250 sq.ft. Allow dust to remain for 3 to 4 hours and then when necessary, sweep-up and discard as instructed under Storage and Disposal.

To prevent a second generation from flea eggs repeat treatment in 5 to 7 days or as needed.

NOTE: Apply to your pet while out-of-doors or in a well ventilated area to avoid breathing airborne dust. If pets frequent the out-of-doors plan on repeat treatments at 2 to 3 week intervals during the season. Pets may be bathed and groomed several hours after treatment to remove dead fleas, ticks and lice.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing of dust and contact with eyes, skin or clothing. Wash thoroughly with soap and warm water after handling and before eating or smoking. Flush with plenty of water. If irritation persists get medical attention or consult a physician. Do not contaminate food, water or feed. Do not use in food serving areas while food is exposed. Food processing surfaces and utensils should be covered or thoroughly washed after treatment. Cover aquariums before use. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medication. Sensitivities may occur after using ANY pesticide products for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Keep children and pets off carpet and upholstered furniture during treatment & until area is vacuumed.

ENVIRONMENTAL HAZARDS: Do not contaminate water by cleaning of equipment or disposal of wastes, apply this product only as specified on this label.

STORAGE AND DISPOSAL: Storage: Do not contaminate water, food, or feed by storage or disposal. Store in a cool place out of reach of children. Disposal: If empty-Do not reuse this container. Place in trash or offer for recycling if available. If partly filled-Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Buyer assumes all risk and liability of use, storage and /or handling of this material not in accordance with the terms of this label.
