Mr. Herbert L. Eckhart, President
Nationwide Chemical Products LLC
5265 Tractor Road Unit J
Toledo, OH 43612

Subject: Amendment to revise First Aid statements per PR Notice 2001-1 and Disposal statements per PR Notice 2001-6.

Product Name: Mill Spray

Registration Number: 9591-167

Date of submission: July 25, 2003

Dear Mr. Eckhart.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. Per PR Notice 2001-1 for those products containing > 10% petroleum distillates, a separate "Note to Physician" section must added to the bottom of the FIRST AID box. within the box should be the following statement as outlined on page 7 of PR Notice 2001-1.

NOTE TO PHYSICIAN
Contains petroleum distillate - vomiting may cause aspiration pneumonia.

2. Revise the Statement in the "If Swallowed" subsection of the FIRST AID claims (outlined on page 5 of PR Notice 2001-1) to read as follows: "If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person."

If you have any questions, you may contact Richard J. Gebken, at (703) 305-6701.

Sincerely,

Linda Arrington

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SURFACE SPRAYING. This spray provides rapid initial kill of exposed or accessible stages of the following insects: granary weevil, rice weevil, confused flour beetle, rust-red flour beetle, cadelle, sawtoothed grain beetle, spider beetle, cheese mites and grain mites. Apply as a coarse droplet spray using the following application rate.

APPROXIMATE USE RATE

Spray	Area To Be Covered
1 Pint	93 3/4 square feet
1 Quart	187 1/2 square feet
1 Gallon	750 square feet

Spray walls, floors and other surfaces of bins and storage and handling areas thoroughly being especially careful to treat cracks, crevices and similar hiding places. Treat unloading, handling and processing areas and inside conveying processing and handling equipment. Spray thoroughly around the base of heavy machinery and equipment. Spray insects directly when possible. For in-transit protection, clean and spray truck beds, boxcars and ships' holds before loading. Thoroughly treat walls and floors and spray each layer of cartons and containers lightly as stacked.

To control Indian meal moth and Angoumois grain moth in stored grain, apply to the surface of binned grain at the following application rate:

APPROXIMATE USE RATE

Spray	Area To Be Covered
1 Pint	125 square feet
1 Quart	250 square feet
1 Gallon	1,000 square feet

Apply at monthly intervals with the first appearance of moths and continue until early fall. In case of severe infestations, break up webbing with rake before spraying and make a second application in two weeks.

As an aid in the control of mosquitoes, gnats, wasps and skippers, treat walls, ceilings, moldings, screens, door and window frames, beams, light cords and similar resting places.

SPACE SPRAYING: To control flies, mosquitoes, gnats and flying moths, close windows, doors and other ventilation. Using a good sprayer adjusted to deliver a fine mist, direct spray toward the upper portions of the enclosure. Distribute spray throughout the entire area using 1/2 ounce spray per 1000 cubic feet of space. To control active exposed stages of running and crawling insects previously named, direct mist toward and into all places commonly inhabited by these insects, using a rate of 2 ounces per 1000 cubic feet of space. Keep area closed for at least 10 minutes after spraying. Vacate premises and ventilate before reoccupying.

FOGGING: This oil base spray is suitable for application using conventional, thermal, mechanical or compressed air fogging equipment. Use as directed under "Space Spraying" filling the entire area with mist at a rate of 2 to 4 ounces per 1000 cubic feet of space, to control exposed or accessible stages of any insects named on this label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide, spray mixture or rinseate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Triple rinse (or equivalent) and offer for recycling, reconditioning or disposal in approved landfill or bury in a safe place. Consult Federal, state or local disposal authorities for approved alternative procedures.

~~Dispose of empty container.~~
 Place in trash or offer for recycling if available. If partly filled- Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if inhaled. Avoid breathing spray. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Remove contaminated clothing and wash clothing before reuse. Avoid contamination of feed and foodstuffs. The use of this product in food processing plants should be confined to time periods when the plant is not in operation. Foods should be removed or covered before treatment. All food processing surfaces should be covered during treatment or thoroughly washed with an effective cleaning compound and rinsed with potable water before use. Clean out any waste grain, dust, dirt or debris and destroy before spraying. Remove pets, birds and fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID	
If inhaled	*Move person to fresh air. *If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible. *Call a poison control center or doctor for further treatment advice.
If on skin or clothing	*Take off contaminated clothes. *Rinse skin immediately with plenty of water for 15-20 minutes. *Call a poison control center or doctor for treatment advice.
If in eye	*Hold eye open and rinse slowly and gently with water for 15-20 minutes. *Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. *Call a poison control center or doctor for treatment advice.
If swallowed	*Call a poison control center or doctor immediately for treatment advice. *Have person sip a glass of water if able to swallow. *Do not induce vomiting unless told to do so by poison control center or doctor. *Do not give anything by mouth to an unconscious person.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given.

ACCEPTED
 with COMMENTS
 In EPA Letter Dated:
 OCT 3 2003

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 9591-167.
