GENERAL DESCRIPTION

ICC 230 DETERGENT SANITIZER is a powerful
 disinfectant for use on food processing equipment and
 dairy and brewery equipment and utensils. It is
 recommended for use on dishes and glassware.

This is a solution of caustic soda and other
 ingredients. It is highly alkaline and should
 be used with care.

DIRECTIONS FOR USE

For general cleaning and disinfection of
 food processing equipment and dairy and
 brewery equipment and utensils, use the
 following directions:

1. Prepare a solution of 1 part of
 ICC 230 Detergent Sanitizer to 10 parts
 of water. Use this solution for general
 cleaning and disinfection of food
 processing equipment and dairy and
 brewery equipment and utensils.
