SUBJECT:	Copper Brite, Inc. Roach Prufe (EPA Reg. No. 9608-2) Notification per PR Notice 98-10	• • • • • • • • • • • • • • • • • • •

Dear Mr. Johnson:

As Agents for Copper Brite, Inc. ("Copper Brite"), we are submitting a "Notification" to add personal protective equipment language required by California's Department of Pesticide Regulation (CDPR) for all boric acid-containing products to the **Roach Prufe** label.

The proposed language will read:

"Protective Equipment for New Construction: Wear normal work clothing (e.g., long-sleeve shirt, long pants, shoes plus socks) and a NIOSH/MSHA approved dust mask respirator."

Please note that this language was added to the product label via Notification on December 6, 2002. However, it was inadvertently dropped from the last label that we submitted to the Agency via Notification on November 17, 2003.

We are also taking the opportunity to include the signal word "Caution" to the Precautionary Statements section in accordance with 40 CFR 156.64.

Enclosed please find the following documents in support of this Notification:

- 1. Application for Pesticide Notification (OPP ID No. 265394), which includes a signed statement certifying compliance with PR Notice 98-10;
- 2. One copy of the proposed labeling with the changes highlighted; and,
- 3. Two clean copies of the proposed labeling.

Insofar as Lewis & Harrison serves as the "Company Contact" and "Company Agent" for Copper Brite, Inc., please relay all correspondence regarding this notification submission directly to us. If you have any questions, please call me at (202) 393-3903 x. 17 or e-mail me at alkoster@lewisharrison.com.

I thank you in advance for your cooperation with this submission.

3/5

Sincerely,

٠

.

Codríguez Ao la lua,

Ana Rodriguez-Koster Agent for Copper Brite, Inc.

E.P.A. REG. NO. 9608-2 EPA. EST. NO. 068786-OH-001

NET WT. 1 lb. Note: Powder settles during shipping

Directions for use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control roaches (water bugs, palmetto bugs), ants and sliverfish: Shake well before opening. Apply with teaspoon, liberally scattering under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs, into openings around drains, water pipes and electrical conduits, and in cracks and crevices along baseboards and corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then scatter liberally in drawer wells. Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.

Directions for applying in new construction: When treating large areas, such as wall voids, soffit and subcabinet voids in new and existing construction, dust liberally using dusting application equipment. A bulbous battery filler (available at auto supply stores) works well as the powder can be sucked up and blown into the voids.

Crack and crevice treatment. Food and feed handling establishment – Places other than private residences in which food or feed is held, processed, prepared or served. Food area application limited to crack and crevice treatment only. Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems. Serving areas (when food is exposed and facility is in operation) also would be considered a food area. Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticide directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where reaches hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of feed or food processing surfaces.

Application of this product in the food areas of food handling establishments, other than as a crack and crevice treatment, are not permitted. Serving Areas – Facilities where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held. Apply as a spot. treatment to selective surfaces such as baseboards, under elements of constructions into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

Non-food areas – Include garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling.) Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

Precautionary Statement:

Hazards to humans and domestic animals. Caution. Harmful if swallowed or inhaled. Causes moderate eye inflation. Avoid contact with eyes or clothing, Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

First Ald Statement:

If Swallowed: • Call a poison control center or doctor immediately for treatment advice.
 Have person sip a glass of water if able to swallow.

Do not induce vomiting unless told to do so by a poison control center or doctor.
 Do not give anything by mouth to an unconscious person.

If Inhaled: . Move person to fresh air.

 If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible.

Call a poison control center or doctor for further treatment advice.
 If the Eyes - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
 Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. In case of emergency, for additional information call (1-866-267-2837).

Protective Equipment for Hew Construction: • Wear normal work clothing (e.g., long sleeve shirt, long pants, shoes plus socks) and a NIOSH/MSHA approved dust mask respirator.

Storage and Disposal: Do not contaminate water, food or feed by storage and disposal. Storage: Store in a dry place. Do not store where children or animals may gain access. Disposal: If empty: Do not reuse container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
