A CHLORINE BEARING SODIUM HYPOCHLORITE SOLUTION FOR SANITIZATION IN THE DAIRY, FOOD PROCESSING AND FOOD SERVICE INDUSTRIES.

**ACTIVE INGREDIENT:**

SODIUM HYPOCHLORITE . . . . . 9.0%

INERT INGREDIENTS . . . . . 91.0%

**CAUTION:**

**Keep Out of Reach of Children**

SEE SIDE PANEL FOR  
ADDITIONAL PRECAUTIONS

**CONTENTS 1 GALLON**

MANUFACTURED BY  
**VERTEX CHEMICAL CORPORATION**  
Dupo, Illinois 62239

**CAUTION**

May be harmful if swallowed. Skin and eye contact may cause severe irritation. Avoid contact with skin and eyes. Do not mix with acids or ammonia as toxic vapors may be emitted.

**FIRST AID – EXTERNAL:** in case of contact with skin and eyes, flush with plenty of water. **INTERNAL:** drink mucilage, raw egg white, milk or rice gruel. Follow with tablespoon of mustard in glass of warm water. **CALL A PHYSICIAN.**

**STORAGE –** Store in a cool dark location. Contains 10.6% available chlorine by weight when packed. Degrades with age. This container should be used within one month of manufacture date. Use a test kit and increase dosage as necessary to obtain required level of available chlorine. When container is empty, rinse thoroughly with water before discarding.

**FISH AND WILDLIFE CAUTION –** This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Apply this product only as specified on this label.

**REPACKAGING –** This product is sold for repackaging.

**BATCH DATE**

**EPA REG. NO. 9616 – 3**

**EPA EST. 9616 – IL – 1**

FEDERAL INSECTICIDE  
AND RODENTICIDE ACT

ONE FLUID GALLON (3785.4 ml.)

10% SOLUTION

**WARNING ! WILL IRRITATE SKIN AND EYES  
DO NOT TAKE INTERNALLY.**

In case of contact. External: Wash with plenty of water. Internal: Call a Physician. Drink milk, raw egg whites, mucilage, or rice gruel. Follow with emetic (tablespoonful of mustard in a glass of warm water.)

**SODIUM HYPOCHLORITE SOLUTION**

ACTIVE INGREDIENT BY WEIGHT — SODIUM HYPOCHLORITE 10% — INERT INGREDIENTS: WATER 90%  
Weight of available chlorine: 9.4%

Intended primarily for chlorinating water to destroy most pathogenic and nonpathogenic bacteria. Also to destroy algae and to remove tastes and odors.

**WARNING:** Keep Out Of Reach Of Children — Harmful if swallowed. Skin and Eye contact may cause severe irritation.

Avoid contact with skin and eyes. Strong oxidant. May produce chemical burns. Degrades with age.

Use a test kit and increase dosage as necessary to obtain required level of available chlorine.

**REQUIRED PRECAUTIONS:** In case of contact. EXTERNAL: — Wash with plenty of water. INTERNAL: — Call a physician. Drink milk, raw egg whites, mucilage or rice gruel. Follow with emetic (tablespoon of mustard in glass of warm water.)

**DIRECTIONS FOR USE:** Swimming Pools — 1 Gal. to 100,000 Gal. of water. Residual requirement — maintain minimum of .6 - 1.0 part per million of available chlorine. Swimming pool water may require more than one daily application of chlorine as determined with suitable test kit to maintain .6 to 1.0 PPM chlorine residual.
