	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT D GARD 4554	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
 (Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Agency Chemicals, Inc.
 2501 Scianton Road
 Cleveland, OH 44112

$$\frac{165890}{1} \quad \frac{165}{18}$$

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(a) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 9630-23."
 - b. Include a statement on the label indicating the weight/gallon of the product.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the 6-79 Enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL: *Philip J. Henkel* DATE: 10/16/86

EE

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of practical treatment

If swallowed: dilute by giving water. Do not induce vomiting. Call physician.

If inhaled: remove to fresh air.

If on skin: wash with plenty of soap and water.

If in eyes: flush immediately and thoroughly with plenty of water for at least 15 minutes. See physician.

PRECAUTIONARY STATEMENTS DANGER

Hazards to Humans and Domestic Animals

Corrosive. Causes irreversible eye damage. Causes skin irritation. May cause allergic skin reactions. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves when handling. Wash with plenty of soap and water after handling. Avoid breathing vapors or spray mist. Use in adequate ventilation. Remove contaminated clothing and wash before reuse.

Environmental Hazards

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Physical and Chemical Hazards

Combustible: do not use or store near heat or open flame.

ACTIVE INGREDIENT:	
Zinc naphthenate	62.4%
(Zinc as metal, 7.9%)	
2-n-octyl-4- Isothiazolin	
3-one	0.4%
INERT INGREDIENTS	37.2%
TOTAL	100%

EPA Reg. No. 9630-
EPA Est. No. 9630-PA-01

WEIGHT PER GALLON - 8.3 lbs

STORAGE AND DISPOSAL

Prohibitions

Do not contaminate water, food or feed by storage disposal. Open dumping is prohibited.

Storage

Store between 10°F and 100°F. Store in original containers only. Keep containers closed when not in use.

Pesticide Disposal

Pesticide Spray mixture, rinsate or wastes resulting from the use of this product should be processed according to procedures approved by federal, state or local authorities.

Container Disposal

Triple rinse (or equivalent) and offer for recycling, reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state or local authorities.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

OCT 16 1986

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

M-GARD W554

M-GARD W554 is an emulsifiable concentrate of zinc naphthenate and a mildewcide suitable for dilution and application to wood by brush, dip, pressure impregnation or spray including structural logs, landscape logs, structural timber, planking, siding, fences, plywood,

shingles, etc. M-GARD W554 will significantly reduce the deterioration of wood by dry rot, wet rot, fungal rot, mildew growth and termite attack.

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR USE — WOOD PRESERVATION

Maximum preservation is obtained by full cell pressure treatment, as conducted to obtain an average Zn retention of 0.09 pcf. For pressure treatment, dilute the M-GARD W554 with 39 volumes of water. Recirculation of the treating solution should be maintained.

When treating by dip, reduce the M-GARD W554 with 3 volumes of water. Maintain good agitation in the dip emulsion. Completely im-

merse for 3 minutes per inch of thickness. For less severe conditions, reduce M-GARD W554 with up to 20 volumes of water.

The dip emulsion containing 3 volumes of water may also be used for protection by brush treatment. Two coats should be used for best results. Total consumption, 1 gallon per 200 square feet.
