WARNING

Keep Out of Reach of Children. See right side panel for additional precautionary and first aid statements.

TYPICAL APPLICATIONS

Formula 60 Plus is a phosphate-free cleaner/disinfectant which provides effective detergent, sanitization, and disinfection properties, and is specially formulated with biodegradable detergents. It has hard water tolerance up to 250 ppm (as CaCO₃).

- Restaurants, cafeterias, hotels and motels
- Refuse and waste disposal areas

Formula 60 Plus may be used for

- Food handling equipment, food processing plants
- Public areas, walkways, kennel areas
- Shower stalls, locker rooms, bathrooms
- Tables, floors, walls
- Food service areas
- Schools, hospitals, nursing homes, institutions

WARNING

Keep Out of Reach of Children. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eye contact, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink milk, egg white, or gelatin solution, or if these are not available, drink large quantities of water. Call a physician.

WALLS, FLOORS, WASTE RE-
CESSING EQUIPMENT, CHAIRS,
OTHER HARD SURFACE AREAS IN
HOMES, SCHOOLS, FOOD PRO-
OTHER INSTITUTIONS

MANUFACTURED BY
ADVANCE MACHINE COMPANY
SPRING PARK, MINN. 55384

WARRANTY

Products are based upon tests believed to be reliable. The control of the manufacturer, no guarantee, except as to the results to be obtained if not used in accordance with the directions and safe practice. The buyer must assume all responsibility resulting from its mis-use as such, or in combination with other products. The use of these products are not to be construed as an infringement of any patent, and no liability for infringement.

FOR INDUSTRIAL USE ONLY

FIVE U.S. GALLONS

FOR ECONOMIC POISON REGISTERED UNDER NO. 9681-6

RAMROD ALGAE AND SLIME CHASER

(FOR INDUSTRIAL USE ONLY)

ACTIVE INGREDIENTS:

n-Alkyl (60% C ₁₄ , 30% C ₁₆ , 5% C ₁₂ , 5% C ₁₈) dimethyl benzyl ammonium chlorides.....	40%
n-Alkyl (50% C ₁₂ , 30% C ₁₄ , 17% C ₁₆ , 3% C ₁₈) dimethyl ethylbenzyl ammonium chlorides	40%
Alcohol.....	20%
Total.....	100%

DANGER Keep Out of Reach of Children

Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting, drink large quantities of fluid and call a physician immediately.

DIRECTIONS FOR CONTROL OF ALGAE IN COOLING TOWERS

1. Clean tower, drain as much water as possible from system and flush with fresh water. RAMROD CHASER is partially deactivated by excessive hardness and salt concentration in the water.
2. Add 3 ounces of RAMROD ALGAE/SLIME CHASER concentrate for each 100 gallons of water contained in the entire unit. Cut off bleed-off during first 24 hours of operation, reduce to a minimum during the next 9 days and then resume normal bleed-off.
3. Repeat treatment when growth reappears.
4. If water is drained from system after treatment, prior to appearance of growth, add 1 ounce of RAMROD ALGAE/SLIME CHASER for each 100 gallons of water in the entire system to retard development of algae.
