KLEAR-POOL NF CONCENTRATE

USE AND APPLICATION

KLEAR-POOL NF is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be treated prior to using KLEAR-POOL NF.

-24
oz.

For pools having just visible algae growth, add an initial dose of 11 to 17 fluid ounces of KLEAR-POOL NF per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of freshly cleaned and filled pools, add initially 6 to 11 fluid ounces of KLEAR-POOL NF per 10,000 gallons of water. To maintain pools free of visible algae growth, subsequent additions of 2 to 4 fluid ounces of KLEAR-POOL NF per 10,000 gallons of water should be made every 5 to 7 days after initial treatment. Uniform distribution of KLEAR-POOL NF throughout the water in the pool is necessary for maximum effectiveness.

-16
oz.

KLEAR-POOL NF is compatible with most chemicals normally used to treat pools and is effective at both acid and alkaline pH. KLEAR-POOL NF should not be used in pools treated with chlorine chemicals which may reduce the amount of chlorine normally required. However, do not mix KLEAR-POOL NF with concentrated dry or liquid chlorine acids.

-8
oz.

BEST DOCUMENT AVAILABLE

ACTIVE INGREDIENT:

Polyoxyethylene amine, 40.0%

INERT INGREDIENT:

This product contains 1.5% active ingredient per gallon and weighs 9.5 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN CAUTION

PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink plenty of water. Do not induce vomiting unless advised by a physician. If on skin, wash with plenty of water. Avoid contact with eyes. If in eyes, flush with plenty of water.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and other aquatic life. Do not apply directly to streams, rivers, or other bodies of water. Do not apply to areas where it may be carried by wind to streams, rivers, or other bodies of water. Do not apply to areas where it may be carried by wind to streams, rivers, or other bodies of water.

STORAGE & DISPOSAL: Store in original container or closed container. Do not store near water, food or feed. Store in cool, dry place. Do not use for cleaning of equipment. Do not use poly containers. Triple rinse (or equivalent) and dispose of container in an incinerator or by other approved method. Do not bury in a safe place. Rinsate that cannot be used or reprocessed should be disposed of in a manner approved for pesticides or other hazardous waste away from water supplies. Containers are not to be reused.
