PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if inhaled or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Remove pets, birds and cover fish aquariums before spraying. Do not apply directly to or around food. Cover or remove any food utensils and food processing equipment during application. Do not apply while food processing is underway. After space spraying in areas where food is handled, wash all equipment, benches, shelving, etc. where exposed food will be handled with potable water.

Statement of Practical Treatment

If on Skin: Wash contaminated clothing and wash affected areas with plenty of soap and water. **If in Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated. Never induce vomiting or give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:** This product may cause cholinesterase inhibition. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine.

Environmental Hazards

This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters.

Physical and Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame. Keep in original container and preferably in a locked storage area. **Disposal:** Replace cap and discard container in trash. Do not puncture or incinerate.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL. Hold can upright.

Pests Indoors: General Information: Use Chemsico Ant and Roach Killer II insecticide to control the pests

Chemsico

ANT AND ROACH KILLER II

Active Ingredients:

Chlorpyrifos [O,O-Diethyl O-(3,5,6-trichloro-2-pyridinyl) phosphorothioate]	0.5000%
d-trans Allethrin	0.0536%
Inert Ingredients: *	99.4464%
TOTAL	100.0000%

* Contains xylene range aromatic solvent.

Keep Out of Reach of Children

CAUTION

indicated in the areas listed below. Repeat the treatment as needed. Application within residential buildings including homes and apartment buildings and within non-food areas of industrial, institutional, and commercial buildings including hospitals, stores, manufacturing plants and warehouses: for Spot Treatment only. Spray localized areas where cockroaches (including strains resistant to other insecticides), ants, clover mites, crickets, firebrats, silverfish and spiders are found or normally occur including dark corners of rooms and closets, cracks and crevices in walls, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Note: a period of 4 to 7 days is normally required for maximum effect on cockroaches. For control of carpet beetles, thoroughly spray for spot treatment along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected. For control of fleas and brown dog ticks, thoroughly spray for spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet area. **DO NOT TREAT PETS WITH THIS PRODUCT.** To control the source of flea infestation, pets inhabiting the treated premises should be treated with a product registered for application to animals. **Pests Out Of Doors:** Flies, mosquitoes: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside of screens, doors, window frames or wherever these insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages, and other places where these insects alight or congregate. Repeat as necessary. **Ants, brown dog ticks, crickets, fleas and earwigs:** For treatment of localized infestation of these insects in outdoor areas where there are weeds or brushy non crop areas, spray infested areas thoroughly. For ants, thoroughly treat hills and runways. Repeat applications as infestations warrant and as reinfestation occurs. **Notice:** Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. Manufactured in the U.S.A. by Chemsico, St. Louis, MO 63114 Form: DCI1990 EPA Reg. No. 9688-45 EPA Est. No. 9688-MO-1

Not Reviewed. Registrant claims to be in accordance with Reregistration of Pesticide Product Guidance for Phase 2 Response, Page 2.12, Active to Inert Change in Status.
