

MAY 16 1991

Mr. William H. Metzger
Chemsico
P.O. Box 15842
St Louis, MO 63114

Dear Mr. Metzger:

Subject: Label revision, Addition of marketing claims
Chemsico Flea Control A
EPA Registration Number 9688-53
Submission dated May 2, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your record.

As new labels are prepared, you may delete the inappropriate references to food handling areas. They do not appear consistent with the pest control purpose for this pesticide.

Sincerely,

Richard F. Mountfort
Product Manager 10
Insecticide/Rodenticide Branch
Registration Division (H7505C)

BEST AVAILABLE COPY

**Kills fleas and ticks on dogs and cats and
in other areas where fleas and ticks hide.**

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE CAN WELL BEFORE USING. Aim spray opening away from person. Push button to spray.

To Kill Fleas & Ticks on Dogs and Cats:

Apply directly to animals along back, under forelegs, and other areas except scrotum and anus. Part hair to contact skin and insure good coverage. Hold nozzle about one foot away while spraying. Apply until hair is thoroughly moist. Do not spray directly in eyes or mouth of animal. Repeat within 24 hours of first treatment, if necessary.

Note: This aerosol may make a slight hissing sound and cause a temporary cool sensation. Hold pet securely while applying. Nervous animals may become frightened the first time this product is used but soon become accustomed to the treatment.

To Kill Fleas & Ticks in Pet Bedding and Pet Areas:

To reduce reinfestation, thoroughly spray the animal's bedding and other resting places until surface is slightly moist. Treat these areas at the rate of two seconds per linear foot at a distance of 12 to 18 inches. Also spray entire inside surface of dog houses. Repeat as necessary.

To Treat Flea & Tick Infestation in Rugs and Carpets:

Spray rugs and carpets where fleas tend to hide. If used on light or delicate upholstery fabrics, test for potential staining in an inconspicuous place prior to use. Spray thoroughly into hiding places such as cracks and crevices, in walls and floors, along baseboards, windows and door frames. Repeat as necessary.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame.

Disposal: Replace cap and discard container in trash. Do not puncture or incinerate.

Chemisco
