CAUTION

See back for additional precautionary statements

Net Weight 10 oz.

Kills fleas and ticks on dogs and cats and
in other areas where fleas and ticks hide.

STOP (optional). READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE: It is a violation of Federal law to use this
product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING.

OPTION A - PARAGRAPH FORMAT

To Kill Fleas & Ticks on Dogs and Cats: Apply directly to animals along
back, under forelegs, and other areas except scrotum and anus. Part hair to
contact skin and insure good coverage. Hold nozzle about one foot away
while spraying. Apply until hair is thoroughly moist. Do not spray directly in
eyes or mouth of animal. Repeat within 24 hours of first treatment, if
necessary. **NOTE:** This aerosol may make a slight hissing sound and cause
a temporary cooling sensation. Hold pet securely while applying. Nervous
animals may become frightened the first time this product is used but soon
become accustomed to the treatment. **To Kill Fleas & Ticks in Pet
Bedding and Pet Areas:** To reduce reinfestation, thoroughly spray the
animal's bedding and other resting places until surface is slightly moist. Treat
these areas at the rate of two seconds per linear foot at a distance of 12 to
18 inches. Also spray entire inside surface of dog houses. Repeat as
necessary. **To Treat Flea & Tick Infestation in Rugs and Carpets:** Spray
rugs and carpets where fleas tend to hide. If used on light or delicate
upholstery fabrics, test for potential staining in an inconspicuous place prior
to use. Spray thoroughly into hiding places such as cracks and crevices, in
walls and floors, along baseboards, windows and door frames. Repeat as
necessary. *Note: Check carpet manufacturer's warranty and care and
maintenance information before using product on your specific brand of
carpeting.*

OPTION B - NUMBERED FORMAT

To Kill Fleas & Ticks on Dogs and Cats

1. Part animal's hair to contact skin and insure good coverage.
2. Hold can about 12" away from pet while spraying.
3. Apply directly to animals along back, under forelegs, and other areas
except scrotum and anus. Do not spray directly in eyes or mouth of
animal.
4. Apply until hair is thoroughly moist.
5. Repeat within 24 hours of first treatment, if necessary.

Note: This aerosol may make a slight hissing sound and cause a temporary
cooling sensation. Hold pet securely while applying. Nervous animals may
become frightened the first time this product is used but soon become
accustomed to the treatment.

To Kill Fleas & Ticks in Pet Bedding and Around the Home

1. Treat areas where fleas and ticks tend to hide including pet bedding
and resting areas, rugs and carpets, and inside surfaces of dog
houses.
2. Hold can 12" to 18" away from surface and spray until surface is
slightly moist.
3. Spray thoroughly into cracks and crevices in walls and floors, along
baseboards, windows, and door frames.
4. Repeat treatment as necessary.

Note: If product is used on light or delicate upholstery fabrics, test for
potential staining in an inconspicuous place prior to use. Check carpet
manufacturer's warranty and care and maintenance information before using
product on your specific brand of carpeting.

STORAGE AND DISPOSAL

Storage: Store in a cool place away from heat, direct sunlight, or open
flame. **Disposal:** Replace cap and discard container in trash. Do not
puncture or incinerate.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Avoid
breathing vapor and spray mist. Avoid contact with skin and eyes. Remove
pets, birds and cover fish aquariums before spraying. Do not apply directly
to or around food.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. DO
NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia. **If
inhaled:** Remove victim to fresh air. **If on Skin:** Remove contaminated
clothing and wash affected areas with soap and water. **If In Eyes:** Flush
eyes with plenty of water. Call a physician if irritation persists.

Physical or Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not
puncture or incinerate. Exposure to temperatures above 130°F may cause
bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in
accordance with directions.

Questions or Comments? Call 800-332-5553.

Contains NO CFC's or other ozone depleting substances. Federal
regulations prohibit CFC propellants in aerosols.
