NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes:
 - a. Add the phrase, "EPA Registration No. 9688-78."
 - b. The terms "improved" and "new" will be allowed on product packaged and released for shipment for period of six months following registration.
 - c. Delete the claims "protects longer" and "provides twice the protection." Non-specific terminology or comparative words without valid comparison are unacceptable.

- d. Change the Precautionary Statements as follows,
"Harmful if absorbed through skin or if inhaled.
Avoid contact with skin, eyes or clothing. Wash
thoroughly with soap and water after handling."
- e. Under Statement of Practical Treatment add:

IF INHALED: Remove victim to fresh air. Get
medical attention.
- f. The statement should read: ". . . nursing homes
(non-patient areas), hospitals (non-patient areas)
. . ."
- g. Qualify the site food handling establishment with
feed, i.e., food/feed.
- h. Add the following precaution:

Nonfood/nonfeed areas are areas such as garbage
rooms, lavatories, floor drains (to sewers),
entries and vestibules, offices, locker rooms,
machine rooms, boiler rooms, garages, mop closets
and storage (after canning or bottling).
- i. Use in food handling establishments can imply use
in U.S. Department of Agriculture (USDA) Meat and
Poultry Plants. Therefore, either add the
statement, "Not for Use in USDA Meat and Poultry
Plants," or submit an application to USDA
requesting use in these areas. If granted, you
can then indicate on the label that the product
can be used in these areas.
- j. Delete "water based" from the labeling. The
amount of water in this product does not support
the claim water based. In addition such claim
detracts or minimizes the significance of the
Physical Hazards Statement.
- k. The product claims control/protection for up to 8
weeks however the repeat instructions recommend
repeat spraying in two to four weeks. Either
delete or revise to be consistent with the
residual control claims.

3. The submitted acute toxicity studies were found
acceptable and assigned the following categories:

| | <u>Toxicity Category</u> | <u>Study Class.</u> |
|------------------|--------------------------|---------------------|
| ACUTE INHALATION | III | CORE GUIDELINE |
| EYE IRRITATION | III | CORE GUIDELINE |

4. Please note that the inert ingredient Triethanolamine is on List II of the Agency's Inert Ingredients of Toxicological concern. Although the Agency has not taken any regulatory action regarding this inert at this time we recommend that you substitute this inert for a less toxic ingredient.

5. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure

Chemnico Tralomethrin Indoor Fogger

- Kills Roaches
- Kills Both Adult and Pre-adult (Larvae) Fleas
- Prevents Reinfestation for up to 8 weeks
- Water-Based (Non-Staining, No Odor)

Also kill ticks, cockroaches, flies, mosquitoes, wasps, spiders, crickets and silverfish. For use in rooms, apartments, homes, attics, basements, campers, boats, garages, pet sleeping areas, household storage areas, cabins, non-food areas of schools, nursing homes, hospitals, restaurants and hotels.

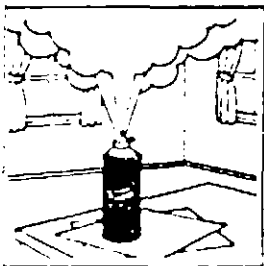

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Preparation:

1. Cover exposed food dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows.
2. **SHAKE WELL BEFORE USING**

How to Use:

Step 1
Tilt top of can away from face (fogger sprays straight up). Press valve all the way down, hooking the catch.

Step 2
Set fogger on stand, table or floor in center of room with the valve locked open, placing several layers of newspaper or pad under fogger. Vacate treated area for 2 hours.

After 2 hours, open all doors and windows, turn on air conditioners and fans and let the treated area air out for 30 minutes. Repeat spraying in two to four weeks as necessary. Use one fogger for each 6,000 cubic feet of unobstructed area. Do not use fogger in an area less than 100 cubic feet. Use additional units for remote rooms or where free flow of mist is not assured.
