

**Chemsico Tralomethrin Indoor Fogger**

- Kills Roaches
- Kills Both Adult and Pre-adult (Larvae) Fleas
- Prevents Reinfestation for up to 8 weeks
- Water-Based (Non-Staining, No Odor)

Also kill ticks, cockroaches, flies, mosquitoes, wasps, spiders, crickets and silverfish.

For use in rooms, apartments, homes, attics, basements, campers, boats, garages, pet sleeping areas, household storage areas, cabins, non-food areas of schools, restaurants, hotels and non-patient areas of nursing homes and hospitals.

**STOP! READ ENTIRE LABEL BEFORE USE.**

**Directions for Use:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Preparation:**

1. Cover exposed food dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows.

**2. SHAKE WELL BEFORE USING**

**How to Use:**

**Step 1**

Tilt top of can away from face (fogger sprays straight up). Press valve all the way down, hooking the catch.

**Step 2**

Set fogger on stand, table or floor in center of room with the valve locked open, placing several layers of newspaper or pad under fogger. Vacate treated area for 2 hours.

After 2 hours, open all doors and windows, turn on air conditioners and fans and let the treated area air out for 30 minutes. Repeat spraying as

necessary. Use one fogger for each 6,000 cubic feet of unobstructed area. Do not use fogger in an area less than 100 cubic feet. Use additional units for remote rooms or where free flow of mist is not assured. To kill Fleas or Ticks: Remove and destroy pet's old bedding. Apply this product as for other insects. Put fresh bedding in pet's quarters after treatment. Treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.
