

MAY 23 1994

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 9688-79

Chemsico Tralomethrin Insecticide A is a highly effective formulation which provides rapid kill of crawling insects as listed below. In addition to rapid initial kill, Chemsico Tralomethrin Insecticide A stays on treated surfaces and provides residual insect killing power for up to three months after spray deposit has dried.

STOP! READ ENTIRE LABEL BEFORE USE.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label. Use strictly in accordance with label precautionary statements and directions.

Shake Well Before Using

HOW TO USE: Spray infested surfaces until wet moving the spray stream rapidly to prevent excessive wetting of surfaces and waste of material. Point spray away from people, plants and pets. Do not introduce the spray into air or allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying.

DIPECTIONS: INDOORS for SPOT TREATMENT only - Within residential buildings including homes and apartments and within non-food areas of industrial, institutional and commercial buildings including stores, manufacturing plants, warehouses and hospitals (NOTE: Do not apply this product in hospital patient rooms while occupied or in any room while occupied by the elderly or infirm). For control of Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish and stored product insects (including adults and larvae) such as Confused Flour Beetles, Saw-toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths and Red Flour Moths. Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers and wherever else these pests may find entrance. Residual activity lasts up to three months.

For control of Carpet Beetles, spray along baseboard and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelves and wherever else these insects are seen or suspected. For control of Fleas and Brown Dog Ticks, spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and to localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Ur bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. Do not treat pets with this product. To control the source of fleas infestation, pets inhabiting the treated premises should be treated with a product registered for animal application.

OUTDOORS - (for use as an aid in reducing annoyance from these insects). Flies, Mosquitoes - Spray outside surfaces of screens, doors,

CHEMSICO

TRALOMETHRIN INSECTICIDE A

Kills Roaches, Ants, Crickets, Fleas and other listed Pests

Kills on Contact — Kills Fast — Fast Killing

Keeps on killing with Residual Power for up to three months — Protects up to 3 months — Protects all summer — Continues to kill up to 3 months

- Use Indoors and Outdoors
- Water-based • No Oily Residue
- Non-Staining • Unscented

Active Ingredients:

Tralomethrin (1R,3S)3(1'RS)(1', 2', 2', 2'-tetrabromoethyl)-	
2,2-dimethylcyclopropanecarboxylic acid	
(S)-alpha-cyano-3-phenoxybenzyl ester	0.03%
d-trans Allethrin	0.05%
n-octyl bicycloheptenedicarboximide	1.00%
Inert Ingredients:	98.92%

Net Weight 11 oz.

window frames or wherever these insects may enter the room. Also spray surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate. Repeat as necessary. Ants, Brown Dog Ticks, Crickets, Fleas and Earwigs - Treat localized areas of infestation of these insects in outdoor areas where there are weeds or bushy non-crop areas. Spray infested areas thoroughly. For Ants thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestations occur.

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard container in trash. Do not incinerate or puncture container.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid contamination of food, feedstuffs and domestic water supplies. Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food/feed is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, all food/feed processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Nonfood/nonfeed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling). Remove pets, birds and cover fish aquariums before spraying. Not for use in USDA meat and poultry plants.

Statement of Practical Treatment

If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists. **If Swallowed:** Do not induce vomiting because of aspiration hazard. Get medical attention. **If in Eyes:** Flush with plenty of water. Get medical attention if irritation persists.

Environmental Hazards

This pesticide is toxic to fish. Do not apply directly to water.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
