Ms. Kelly Loft  
Chemsico  
Div. of United Industries Corp.  
P.O. Box 15842  
St. Louis MO 63114

Dear Ms. Loft:

Subject: Amendment - Change Basic and Alternate Confidential  
Statement of Formulas and Revised Labeling  
EPA Registration Number 9688-79  
Your Application Dated May 8, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy of the labeling is enclosed for your records.

The basic and alternate Confidential Statement of Formula (CSF) dated May 8, 1995, submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act, as amended, are acceptable. All previously accepted basic and alternate CSFs are obsolete. A copy each has been inserted in your file for the subject product.

Sincerely yours,

George T. LaRocca  
Product Manager 13

(Optional Claims: Chemsico Tralomethrin Insecticide A also stays on treated surfaces providing insect protection for up to 12 weeks.)

### STOP! READ ENTIRE LABEL BEFORE USE.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. FOR HOUSEHOLD USE.

#### HOW TO USE

Shake well before using. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Point spray away from people, pets and plants. Do not use as a room spray.

Do not allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Do not allow people or pets to contact treated surfaces until spray has dried. Remove pets and cover aquariums before spraying.

#### INDOORS

FOR SPOT TREATMENT ONLY - For control of Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish and stored product insects (including adults and larvae) such as Confused Flour Beetles, Saw-toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths and Red Flour Moths. Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers and wherever else these pests may find entrance. Residual activity lasts up to three months.

For control of Fleas and Brown Dog Ticks, spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. Do not treat pets with this product. To control the source of flea infestations, treat your pet with a product registered for animal application (Optional: such as . . .). Also treat your yard with a product registered for yard application (Optional: such as . . .).

For control of Carpet Beetles, spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelves and wherever else these insects are seen or suspected. Test inconspicuous sample of fabric or rug for staining before use. Note: Check carpet

manufacturer's warranty and using product on your specific
