NOTIFICATION

OPTIONAL MARKETING LANGUAGE DIRECTIONS FOR A GENERAL USE PRODUCT

OPTIONAL MARKETING LANGUAGE

[Kills [controls] roaches, ants, crickets, fleas and other listed pests • Kills on contact • Kills fast • Fast killing • Helps protect your home from invading ants • Also stops spiders, roaches, fleas, and brown dog ticks • Kills fast plus continues to kill up to 4 months • Keeps on killing • Keeps on killing with residual power for up to 4 months • Helps protect up to 4 months • Continues to kill up to 4 months • 4 month control

Chemsico Tralomethrin Insecticide A is a highly effective formulation, which kills crawling insects fast. Chemsico Tralomethrin Insecticide A stays on treated surfaces and provides residual insect killing power for up to four months [16 weeks] after the spray has dried. [Alternate statement: Chemsico Tralomethrin Insecticide A also stays on treated surfaces providing insect protection for up to 16 weeks.]

[OPTIONAL PRODUCT FACT BOX]

PRODUCT FACTS

What It Does:

Kills Carpenter Ants, Ants, Brown Dog Ticks, Cockroaches, Crickets, Earwigs, Firebrats, Fleas, Silverfish, Spiders and Other Listed Insects

Where To Use: (icon indoors) (icon outdoors)

Indoors: in Cracks and Crevices, Along Baseboards, & Wherever Pests Find Entrance.

Outdoors: On Screens, Doors and Windows.

Questions & Comments: (icon phone) (icon computer) 1-800-322-5553 or www.spectracide.com

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For household use.*

Do not use on pets. Do not allow people or pets to contact treated surfaces until dry.

2/10

HOW TO USE

Shake well before using. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Point spray away from people, pets and plants. Do not use as a room spray.

Do not allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Do not allow people or pets to contact treated surfaces until spray has dried. Remove pets and cover aquariums before spraying.

INDOORS

FOR SPOT TREATMENT ONLY - For control of Cock-roaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish and stored product insects (including adults and larvae) such as Confused Flour Beetles, Sawtoothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths and Red Flour Moths. Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers and wherever else these pests may find entrance. Residual activity lasts up to four months.

For control of Fleas and Brown Dog Ticks, spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and doorframes and localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. **Do not treat pets with this product.** To control the source of flea infestations, treat your pet with a product registered for animal application. Also treat your yard with a product registered for yard application.

For control of Carpet Beetles, spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelves and wherever else these insects are seen or suspected. Test inconspicuous sample of fabric or rug for staining before use.

NOTE: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

OUTDOORS (As an aid in controlling these insects)

Flies, Mosquitoes - Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also spray surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate.

Ants, Brown Dog Ticks, Crickets, Fleas and Earwigs - Thoroughly spray infested weeds or bushy non-crop areas. For ants, thoroughly wet hills and runways.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. **Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

First Aid

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

Environmental Hazards

This pesticide is toxic to fish. Do not apply directly to water.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

*If you are not satisfied with this product for any reason send your written request for a refund to the address below, together with the dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.

OPTIONAL MARKETING LANGUAGE & DIRECTIONS FOR A FOAMING CARPENTER ANT PRODUCT

OPTIONAL MARKETING CLAIMS

[Kills carpenter ants • Kills carpenter ants for up to 4 months [16 weeks] • Includes an attachable [extension] tube for localized treatment of carpenter ants • Includes an attachable [extension] tube to kill carpenter ants where they hide • Includes an attachable [extension] tube for deep wood penetration [application] • Expanding foam kills carpenter ants in their tunnels • Non-staining

Chemsico Tralomethrin Insecticide A is highly effective against carpenter ants. The foam expands to where insects hide [and eventually dissipates]. It kills [insects] fast [and keeps on killing [working against] carpenter ants for up to four months.] Spray [the foaming aerosol] into hard to reach areas, such as cracks and crevices in walls, along baseboards, around piping and anywhere insects hide. Chemsico Tralomethrin Insecticide A can be sprayed indoors as a spot treatment and outdoors on wooden surfaces.]

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For use around the home only.*

Do not use on pets. Do not allow people or pets to contact treated surfaces until dry.

HOW TO USE

For spot treatment only. Do not allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Remove pets and cover aquariums before spraying.

SHAKE WELL BEFORE USING. Insert attachable [extension] tube into the spray button [tip] [actuator]. Apply evenly, avoid dripping and runoff. [This product will keep killing carpenter ants for up to four months.]

Treat infested areas and areas likely to be infested, such as wood surfaces, voids and tunnels [channels] in damaged wood, behind veneers, in structural voids, (between stud walls and spaces between wood and foundations), along cracks, and along crawl spaces.

TIPS FOR TREATING CARPENTER ANTS

1. The best way to control carpenter ants is to locate their nest and spray it directly. To help locate the nest, watch the ants to see where they go. Nests outside [outdoors] can be found in trees, old woodpiles, decks, stumps, fences and adjacent buildings.
2. Common nest sites in the home include under cabinets and dishwashers, around pipes, attics, leaky roofs and doors, wall voids and doorjamb.
3. To help keep pests from entering your home, spray between cracks and crevices of screens, doors, window frames or wherever these insects may enter.

TO HELP PREVENT FUTURE INFESTATIONS [DAMAGE]:

- ✓ Treat the outside of your home's foundation and treat your yard [with products registered for these uses] [such as...].
- ✓ Trim all trees and bushes [shrubs] so that the branches do not touch the [your] house. Carpenter ants often travel into homes via [from] branches.
- ✓ Fix leaky roofs and plumbing. Carpenter ants need a moist environment to establish a colony and typically nest in softened decayed wood.
- ✓ Seal openings in living trees and remove dead trees and woodpiles - they attract carpenter ants.

For Other Indoor & Outdoor Insects [Pests]

INDOORS

For Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish and stored product insects (including adults and larvae) such as Confused Flour Beetles, Sawtoothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths and Red Flour Moths - Spray into cracks, crevices, dark corners of rooms, cabinets, closets, along baseboards, around sinks, stoves, refrigerators, cabinets, plumbing and other utility installations. Also treat around waste containers and wherever else these pests are likely to be found.

OUTDOORS

For Ants, Brown Dog Ticks, Crickets, Fleas and Earwigs - Treat outside surfaces of buildings, porches, wooden decks, patios and fences, window frames, doorways, eaves, cracks in foundations and other areas where insects may crawl and hide. Thoroughly spray infested weeds or bushy non-crop areas. For ants, thoroughly wet hills and runways. Repeat as needed.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. **Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. If

partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS
