Ms. Kathie Tryson
Chemsico
P.O. Box 15842
St. Louis, MO 63114

Dear Ms. Tryson:

Subject: Addition of Palmetto Bugs; Notification of March 3, 1993
Chemsico Home Insect Control D
EPA Registration No. 9688-87
Chemsico Home Insect Control A
EPA Registration No. 9688-80
Chemsico Home Insect Control B
EPA Registration No. 9688-81
Your Submissions Dated March 5, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

-- According to our Registration Notices for the subject products the terms "new" and "improved" are allowed on products packaged and released for shipment for a period of six months following registration. All three products were registered well over six months ago, therefore "new" and "improved" must be deleted from your labeling.

The Notifications submitted on March 3, 1993 to incorporate sprayer instructions are acceptable.

Submit three copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager 13

Chemisco Home Insect Control B

- Do-it-yourself Pest Control
- Fast Killing
- Kills Even Hidden Bugs
- Keeps on Killing
- Water-Based (Non-Staining, No Odor)

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Sprayer Instructions:

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispersed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

SHAKE WELL BEFORE USING

FOR HOMES, APARTMENTS AND BUILDINGS — INDOORS: Spray areas where cockroaches, Palmetto bugs, ants, clover mites, crickets, firebrats, waterbugs, silverfish and spiders are found or normally occur including dark corners of rooms and closets, cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators and cabinets; around plumbing and other utility installations. For ants, apply to ant trails; around doors and windows and wherever else these pests may find entrance. For control of carpet beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected. For control of fleas and brown dog ticks, thoroughly spray pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. The bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet area. Do not treat pets with this product. To control the source of flea infestations, pets inhabiting the treated premises should be treated with a product registered for application to animals. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

CHEMSICO
