24 SEP 1996  
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 9688-81

### Chemsico Home Insect Control B

- Do-it-yourself Pest Control • Fast Killing • Kills Even Hidden Bugs • Keeps on Killing
- Water-Based (Non-Staining, No Odor)

**STOP! READ ENTIRE LABEL BEFORE USE. (Optional: Stop. Read all instructions inside before using.)**

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### OPTIONAL PARAGRAPH FORMAT

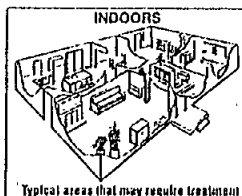

#### SPRAYER INSTRUCTIONS (Optional):

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

#### SHAKE WELL BEFORE USING

#### INDOORS:

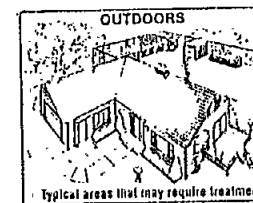

- Typical areas that may require insecticide treatment.

#### FOR HOMES, APARTMENTS AND BUILDINGS

**INDOORS:** Spray areas where cockroaches, Palmetto bugs, ants, clover mites, crickets, firebrats, waterbugs, silverfish and spiders are found or normally occur including dark corners of rooms and closets, cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators and cabinets; around plumbing and other utility installations. For ants, apply to ant trails; around doors and windows and wherever else these pests may find entrance. For control of carpet beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected. For control of fleas and brown dog ticks, thoroughly spray pet beds, resting quarters, nearby cracks and devices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be

present. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment of pet area. **DO NOT TREAT PETS WITH THIS PRODUCT.** To control the source of flea infestations, pets inhabiting the treated premises should be treated with a product registered for application to animals. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

#### OUTDOORS:

- Typical areas that may require insecticide treatment.

**OUTDOORS:** Flies, mosquitoes: For use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages and other places where these insects alight or congregate. Repeat as needed. **Ants, ticks (including ticks which transmit Lyme disease), crickets, fleas and earwigs:** For treatment of localized infestation of these insects in areas where there are weeds or bushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat as needed. People and pets should not be allowed in treated areas until spray has dried.

#### STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard container in trash.

### OPTIONAL NUMBERED FORMAT

• 3 Month Control • Helps prevent bugs from invading homes for up to 3 months • Chemsico Home Insect Control B's patented active ingredient kills bugs both in and around homes for up to 3 full months. When used as directed, Chemsico Home Insect Control B even helps prevent bugs from entering homes. And Chemsico Home Insect Control B's exclusive water-based formula won't stain or leave an unpleasant odor. This product kills: Ants, Carpet beetles, Cockroaches, Crickets, Earwigs, Firebrats, Fleas, Flies, Mosquitoes, Palmetto bugs, Silverfish, Spiders, Ticks, Waterbugs and more.

**STOP. READ ENTIRE LABEL BEFORE USE. DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent

page 2 of 2

with its labeling. Keep people and pets off treated areas until dry.

1. **SHAKE WELL** (graphic).
2. **CONNECT TRIGGER SPRAYER.** Unscrew and discard the white cap on the bottle. Insert the hose into the bottle and tighten the cap securely.
3. **PRIME SPRAYER.** Turn the sprayer nozzle one-half turn counter-clockwise. Hold the sprayer lower than the bottle and squeeze the trigger several times until it sprays. Adjust the nozzle to fine spray or jet stream as needed.
4. **THOROUGHLY SPRAY AREAS INSIDE OR OUTSIDE WHERE INSECTS MAY HIDE OR ENTER THE HOME.** This includes cracks, crevices, openings around pipes and sinks, under refrigerators, baseboards, flooring\*, storage areas, doorways, window openings and wherever insects may enter the home.

## ANTS

Kill ants (graphic) outside before they move in by treating their mounds, trails and points of entry.

## FLEAS

For best results in controlling fleas (graphic), treat your home frequently. Focus on areas where pets spend time, especially where they sleep. In addition, keep fleas from re-infesting your home by treating your yard with a flea killer designed for yard application (optional; such as . . .) Finally, treat pets regularly with a product labeled for use on animals (optional; such as . . .) **DO NOT USE THIS PRODUCT ON PETS.**

## FLYING INSECTS

To help prevent flies and mosquitoes from entering your home, spray outside surfaces of doors, window frames and around outdoor light fixtures. For best results, reapply as needed as rain and excessive dew can wash this product away.

\*Check carpet manufacturer's warranty, care and maintenance information before using product on your specific brand of carpeting.

### STORAGE AND DISPOSAL.

Turn the nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage. Store in cool, dry area away from heat or open flame. Discard container in trash.

### PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

**CAUTION:** Harmful if inhaled. Avoid breathing vapor or spray mist. Avoid contact with eyes and skin. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling. Avoid contamination of food, feed-stuffs and domestic water supplies. Do not use in the food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas where food/feed is exposed. In the home, all food/feed processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying.

### Statement of Practical Treatment

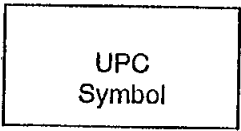

If inhaled: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. Get medical attention.

### Environmental Hazards

This product is toxic to fish, and other aquatic organisms. Do not apply directly to water.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.
