 8494 Chapin Industrial Drive
 St. Louis, Missouri 63114

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling change listed below before you release the product for shipment:
 - a. Add the phrase, "EPA Registration No. 4816-375."
 - b. All comments (except 3a.) in our registration notice dated September 5, 1991 for EPA Registration No. 9688-79 also apply to the subject product.
3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

Helmut 1-7-92

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

CHEMSICO

TRALOMETHRIN INSECTICIDE B

Chemsico Tralomethrin Insecticide B is a highly effective formulation which provides rapid kill of such crawling insects as listed below, including those resistant to certain other insecticides. In addition to rapid initial kill, Chemsico Tralomethrin Insecticide B stays on treated surfaces and provides residual insect killing power for up to four weeks after spray deposit has dried.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label. Use strictly in accordance with label precautionary statements and directions.

HOW TO USE: Spray infested surfaces until wet, moving the spray stream rapidly to prevent excessive wetting of surfaces and waste of material. Point spray away from people, plants and pets. Do not introduce the spray into air or allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes and food handling utensils with soap and water. They become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying.

DIRECTIONS: INDOORS - Within residential buildings including homes and apartments and within non-food areas of industrial, institutional and commercial buildings including hospitals, stores, manufacturing plants and warehouses for SPOT TREATMENT only. For control of Cockroaches, (Including Asian and strains resistant to certain other insecticides), Ants, Spiders (Including Black Widow Spiders), Crickets, Firebrats, Silverfish and stored product insects (Including adults and larvae) such as Confused Flour Beetles, Saw-toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths and Red Flour Moths. Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers, and wherever else these pests may find entrance. Residual activity lasts up to four weeks.

For control of Carpet Beetles, spray along baseboard and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelves and wherever else these insects are seen or suspected. For control of Fleas and Brown Dog Ticks, spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and to localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. Do not treat pets with this product. To control the source of fleas infestation, pets inhabiting the treated premises should be treated with a product registered for animal application.

OUTDOORS - (for use as an aid in reducing annoyance from these insects): Fleas, Mosquitoes - Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also spray

surfaces around light fixtures where these insects alight. Brown Dog Ticks, Crickets. of infestation of these insects bushy non-crop areas. Spray thoroughly wet hills and run warrant and as reinfestation. **STORAGE AND D** Store in cool, dry area. Discard container in tr container.
