Chemsico Home Insect Control D

OPTIONAL MARKETING CLAIMS

- Do-it-yourself Pest Control • Fast Killing • Kills Even Hidden Bugs • Keeps on Killing • Water-Based (Non-Staining, No Odor)

Chemsico Home Insect Control D is a highly effective formulation which kills crawling insects fast. It stays on treated surfaces and provides residual insect killing power for up to four months.

STOPI (optional) READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For home use. Do not use on pets.

(Optional) Sprayer Instructions

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

Shake Well Before Using

- Typical areas that may require insecticide treatment.

INDOORS

Spray areas where cockroaches, Palmetto bugs, ants, clover mites, crickets, firebrats, water bugs, silverfish and spiders are found or normally occur including dark corners of rooms and

closets, cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators and cabinets; around plumbing and other utility installations. For ants, apply to ant trails; around doors and windows and wherever else ants may find entrance. For control of carpet beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else insects are seen or suspected. For control of fleas and brown dog ticks, thoroughly spray pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where fleas and ticks may be present. Pet bedding should be replaced with clean fresh bedding after treating the area. **Do not treat pets with this product.** To control the source of flea infestations, pets should be treated with a product registered for application to animals. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

- Typical areas that may require insecticide treatment.

OUTDOORS:

Flies, mosquitoes: For use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages and other places where insects alight or congregate. Repeat as needed. **Ants, ticks (including ticks which transmit Lyme disease), crickets, fleas and earwigs:** For treatment of infestation of these insects in areas where there are weeds or bushy non-crop areas, spray infested areas thoroughly. When treating for ticks, give special attention to areas frequented by pets. For ants, thoroughly wet hills and runways. Repeat as needed.

PRECAUTIONS: People and pets should not be allowed in treated areas until spray has dried.

2-93

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard container in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if inhaled. Avoid breathing vapor or spray mist. Avoid contact with eyes and skin. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling. Avoid contamination of food, feedstuffs and domestic water supplies. Do not use in the food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas where food/feed is exposed. In the home, all food/feed processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying.

Statement of Practical Treatment

If inhaled: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. Get medical attention.

Environmental Hazards

This product is toxic to fish, and other aquatic organisms. Do not apply directly to water.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
