CHEMSICO HOME INSECT
CONTROL E REFILL

Name and Address of Registrant (include ZIP Code):

CHEMSICO
A Division of United Industries Corporation
8825 Page Boulevard
St. Louis, Missouri 63114

160/547423
17

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 9688-101."
- b. In the Statement of Practical Treatment, add the following statement before the If Inhaled Statement: "IF ON Skin: Wash with plenty of soap and water. Get medical attention if irritation persists"
- c. The claim "new" may be used on the labeling of a product of new composition for a period of 6 months following approval of labeling.

Signature of Approving Official:

George T. LaRocca

George T. LaRocca
Product Manager Team-13

Date: August 8, 1997

3. Submit three copies of the revised final printed label for the record.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca

Chemsico Home Insect Control E Refill

- Kills on Contact • Protects Up to 3 Months
- Use Indoors and Outdoors • No Lingering Odor

STOP! READ ENTIRE LABEL BEFORE USE.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Mixing Directions:

Note: This is a single use container, and the entire contents of the bottle are to be used at one time. This concentrate-refill will make one gallon of Chemsico Home Insect Control E. It is intended to be used in an empty Chemsico Home Insect Control E one gallon container only, and is not to be put into any other containers or bottles.

Pour the entire contents of this bottle into an empty one gallon Chemsico Home Insect Control E container. Then fill this bottle with water and pour the contents into the gallon container. Repeat at least two additional times to completely rinse out the contents. Add water to the gallon container to fill approximately one inch from the top. Replace the cap and shake contents well before use.

Sprayer Instructions:

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

FOR HOUSEHOLD USE

INDOORS: Spray areas where cockroaches, Palmetto bugs, ants, clover mites, crickets, fleabats, waterbugs, silverfish and spiders are found or normally occur including dark corners of rooms and closets, cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators and cabinets; around plumbing and other utility installations. For ants, apply to ant trails; around doors and windows and wherever else these pests may find entrance. For control of carpet beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected. For control of fleas and brown dog ticks, thoroughly spray pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean

fresh bedding after treatment of pet area. Do not treat pets with this product. To control the source of flea infestations, pets inhabiting the treated premises should be treated with a product registered for application to animals. Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

OUTDOORS: Flies, mosquitoes: For use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages and other places where these insects alight or congregate. Repeat as needed. Ants, brown dog ticks, crickets, fleas and earwigs: For treatment of localized infestation of these insects where there are weeds or bushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat as needed.

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard container in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if inhaled. Avoid breathing vapor or spray mist. Avoid contact with eyes and skin. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling. Avoid contamination of food and drinking water. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying.

Statement of Practical Treatment

If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

Environmental Hazards

This product is toxic to fish and other aquatic organisms. Do not apply directly to water.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
