P.O. Box 15842
St. Louis, MO 63114**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 9688-107".

b. The referenced Product Chemistry data from an identical product has been noted. However, you must submit Product Chemistry data on your product as formulated. This data must be submitted within three months.

Signature of Approving Official:

RPK

Date:

3 AUG 1995

page 2
EPA Reg. No.

3. Submit two (2, copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

RPK

| Inert Ingredients | 96.7% |

Keep Out of Reach of Children

CAUTION See back for additional precautionary statements

NET CONTENTS 32 Fl. Oz./946 mL

Chemsico Insect Spray kills insects that invade your valuable garden or orchard. It can be sprayed on most crops up to and including the day you harvest. And although Chemsico Insect Spray formula kills most harmful insects, it is relatively non-toxic to Honey Bees. Use Chemsico Insect Spray formula throughout the growing season as part of a complete garden care program. One quart of this formula will treat at least 5,000 square feet of growing crops. Actual, treated area/quart will vary depending upon height and thickness of treated plants.

Peel Here.
Press to Reseal.

STOP! Read all instructions inside before using.

DIRECTIONS FOR USE.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Connect a garden hose to the spray ready nozzle. (graphic)
2. Make sure the yellow water control dial on the nozzle is in the "OFF" position. (graphic)
3. Turn on water at faucet. Extend hose to the farthest area to be treated and work back towards faucet.
4. Push in the small white product control button to the "OPEN" position. (graphic)
5. To BEGIN spraying, point nozzle toward vegetables or fruit trees and turn the yellow water control dial to the "ON" position. Water will automatically mix with the product. (graphic)
6. Spray vegetables or fruit trees until wet to control insects listed below.
7. To STOP spraying turn yellow water control dial to the "OFF" position. Push small white product control button back to "CLOSED" position. Turn off water at faucet. To relieve pressure, turn yellow water control dial to "ON" position and wait until water stops spraying before removing nozzle from hose.

Chemsico Insect Spray is ideal for use on most vegetables, herbs, fruits and nuts, including but not limited to:

Almond, Apple, Apricot, Arugula, Basil, Bean, Beet, Blackberry, Blackeyed Peas, Blueberry, Broccoli, Brussels Sprouts, Cabbage, Camomile, Cantaloupe, Carrot, Casaba, Cashew, Cauliflower, Celery, Cherry, Chicory, Chives, Corn, Cranberry, Currant, Curry Leaf, Eggplant, Elderberry, Endive, Garden Peas, Garlic, Grape, Grapefruit, Honeydew, Horseradish, Kumquat, Lemon, Lentils, Lime, Lettuce, Loganberry, Loquat, Macadamia Nut, Mango Melon, Melon, Mint, Nectarine, Onion, Orange, Paprika, Parsley, Peach, Pear (Bitter Melon), Pepper (including Bell, Chili), Pimentos, Plum, Potato, Pumpkin, Radish, Raspberry, Sage, Snap Bean, Soybeans, Spinach, Strawberry, Summer Squash, Sweet Bay (Bayleaf), Sweet Potato, Swiss Chard, Tangelo, Tangerine, Tomato, Walnut, Watermelon, Yam, Zucchini

Chemsico Insect Spray kills most harmful garden insects including, but not limited to:

Ants, Aphids, Armyworms, Bagworms, Caterpillars (including tent), Centipede, Clover mites, Corn borers, Corn earworms, Digger wasps, Earwigs, Fire ants, Grasshoppers, Green bugs, Green frog, Horse flies, House flies, Japanese Beetles, Leafhoppers, Leafminers, Leafrollers, Mosquitoes, Mites, Moths, Pillbugs, Spittlebugs, Stink bugs, Thrips, Ticks (including garden, sod), Weevils

USE TIPS:

1. Spray the undersides of leaves and flowers where insects are most likely to be there.
2. To minimize effects on Honey Bees, spray during the early morning or late dusk.

STORAGE AND DISPOSAL

Store in a cool, dry area away from children and pets. Do not store in a plastic container. Discard container in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

CAUTION: May be harmful if swallowed. Avoid breathing spray mist. Do not get on skin or clothing.

Environmental Hazards

This product is toxic to fish. Do not use in or near water.

NOTICE: Buyer assumes all responsibility for use in accordance with directions.
