Subject: Amendment - Update First Aid and Disposal Statements
Tralomethrin Insecticide D
EPA Registration No. 9688-113
Your submission dated May 31, 2002

Dear Ms. Tryson:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments listed below.

1. Under the DIRECTIONS FOR USE section, revise the statement "Spray surfaces until wet" to read "Spray surfaces until wet but not to the point of runoff."
2. Please delete the statement "No unpleasant odor" from the claims made on the label. This is a subjective statement based upon the sensitivity of the user.
3. Delete the word "highly" from the phrase "highly effective."
4. Under INDOORS, add the following sentence to the end of the paragraph "Also, treat your yard with a product registered for yard application."
5. Under the PRECAUTIONARY STATEMENTS section, move the statements "Avoid contamination of food, feedstuffs...aquariums before spraying." to the DIRECTIONS FOR USE section.

75052
SP/MT
07/23/02

6. Revise the first sentence after OUTDOORS to read: "For outdoor use only as an aid in controlling these insects"

A stamped copy of the label has been enclosed for your records. If you have any questions, please call Dr. William Sproat of my team at 703-308-8587.

Sincerely,

George T. LaRocca
Product Manager 13

KEEP OUT OF REACH OF CHILDREN
CAUTION See back for additional precautionary statements

NET WEIGHT 11 OZ.

Chemsico Tralomethrin Insecticide D is a highly effective formulation which kills crawling insects fast. Chemsico Tralomethrin Insecticide D stays on treated surfaces and provides residual insect killing power for up to two months (Optional: 8 weeks) after the spray has dried. (Optional Claims: Chemsico Tralomethrin Insecticide D also stays on treated surfaces providing insect protection for up to 8 weeks.)

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOW TO USE

Shake well before using. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Point spray away from people, pets and plants. Do not use as a room spray. Do not allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Do not allow people or pets to contact treated surfaces until spray has dried. Remove pets and cover aquariums before spraying.

INDOORS - FOR SPOT TREATMENT ONLY

For control of Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish and stored product insects (including adults and larvae) such as Confused Flour Beetles, Sawtoothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths and Red Flour Moths. Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers and wherever else these pests may find entrance. Residual activity lasts up to two months. **For control of Fleas and Brown Dog Ticks,** spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. **Do not treat pets with this product.** To control the source of flea infestations, treat your pet with a product registered for animal application [Optional: such as . . .]. Also treat your yard with a product registered for yard application [Optional: such as . . .]. **For control of Carpet Beetles,** spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelves and wherever else these insects are seen or suspected. Test inconspicuous sample of fabric or rug for staining before use. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

3/4

OUTDOORS (for use as an aid in reducing annoyance from these insects) **Flies, Mosquitoes** - Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also spray surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate. **Ants, Brown Dog Ticks, Crickets, Fleas and Earwigs** - Thoroughly spray infested weeds or bushy non-crop areas. For Ants, thoroughly wet hills and runways.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. **Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if inhaled. Avoid breathing vapor or spray mist. Remove contaminated clothing and wash before reuse. Avoid contact with eyes and skin. Wash thoroughly after handling. Avoid contamination of food and drinking water. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and cover aquariums before spraying.

First Aid

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **If Swallowed:** Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

Environmental Hazards

This pesticide is toxic to fish. Do not apply directly to water.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
