Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 9688-117."
- b. In the Statement of Practical Treatment (or First Aid), add the word "eyes" after the word "flush."
- c. In the Precautionary Statement, revise the first sentence to read: "Causes moderate eye irritation."

Signature of Approving Official:

George T. LaRocca
Product Manager Team-13

Date: August 8, 1997

SEP 2 1997

- d. There is a potential for use of this product near outdoor electrical outlets. Therefore since a dielectric breakdown voltage was not submitted, add the following statement following the ingredient statement:

"Do Not Use This product In or On electrical Equipments Due To Possibility Of Shock Hazard."

3. With regard to the Confidential Statement of Formula (CSF), indicate the Flash Point at 75° F in box 9 of the CSF . . .

4. Submit three copies of the revised final printed label for the record.

A stamped copy of the label is enclosed for your records.

George T. LaRocca
 Product Manager 13
 Insecticide-Rodenticide Branch
 Registration Division (7505C)

Trifluoromethrin supplied under license from AgrEvo Environmental Health.

KEEP OUT OF REACH OF CHILDREN

CAUTION See back for additional precautionary statements

NET WEIGHT 16 OZ.

Chemsico Wasp & Hornet Killer T is designed to kill wasps,
hornets, yellow jackets and eliminate the nests where they live
and breed. This product also kills mud daubers, tent caterpillars
and scorpions.

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner
inconsistent with its labeling. Never use indoors.

OPTION 1 - PARAGRAPH FORM

SHAKE WELL BEFORE EACH USE. Aim spray away from
person. Push button to spray. If it's windy, stand with the wind at
your back to avoid spray drift.

WASPS, HORNETS AND YELLOW JACKETS:

Application should be made in late evening when insects are
least active. Spray liberally, soaking the nest. Chemsico's
powerful spray will also kill insects that return to the nest over
the next few days. Wait at least 24 hours before removing the
nest.

*This product is non-staining to most home siding depending on
age and cleanliness. Before using in areas where the spray may
contact home siding, test in an inconspicuous area and recheck
in a few hours.

OPTION 2 - SIMPLIFIED DIRECTIONS

1. Apply at sunrise or sunset when insects are least active.
(graphic-sunset)
2. Stand a safe distance from the nest. Don't stand directly
undereath.
3. Shake can well before each use. Aim spray away from
person. Push button to spray. (graphic-hand w/can)
NOTE: *This product is non-staining to most home siding
depending on age and cleanliness. Before using in areas
where spray may contact home siding, test in an
inconspicuous area and recheck in a few hours.
4. Spray the nest until soaked. (graphic-nest) Chemsico's
powerful spray will also kill insects that return to the nest
over the next few days.
5. Wait at least 24 hours before removing the nest.

USE TIP

- ✓ If it's windy, stand with the wind at your back to avoid spray
drift.

OTHER PESTS (For both formats)

Tent Caterpillars: Apply in the late afternoon or evening when
caterpillars have returned to their tents. Soak tents on all sides.
Scorpions: Stand at a safe distance and use the power of the
jet spray to reach and cover the target. **Ants:** Spray trails, nest
and point of entry. Spray on ants where possible. Repeat as
necessary. **Spiders:** Direct short burst of spray on spider and
repeat as necessary

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard
container in trash. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: May cause eye irritation. Avoid contact with eyes
or clothing. Wash thoroughly with soap and water after handling.
Avoid contamination of food and drinking water.

Statement of Practical Treatment

If in Eyes: Flush with plenty of water. Call a physician if irritation
persists.

Environmental Hazards

This pesticide is toxic to fish. Do not apply directly to water.

Physical Hazards

Contents under pressure. Do not use or store near heat or open
flame. Do not puncture or incinerate container. Exposure to
temperature above 130° F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and
use not in accordance with directions.
