OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

June 17, 2013

Mr. William H. Metzger
Chemsico, Div, of united Industries Corp.
Post Office Box 142642
St. Louis, MO 63114-0642

**Subject: Amended Reregistration Label Chemsico Aerosol MP
D400829
EPA Registration No. 9688-122**

Dear Mr. Metzger:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **Permethrin RED**, and has concluded that your submission is acceptable.

PLEASE NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

PLEASE NOTE: That the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSF's are superseded.

- Basic CSF dated: June 15, 2012

A copy of your label stamped Acceptable is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Linda A. DeLuise at (703) 305-5428 or via e-mail at deluise.linda@epa.gov or Mr. Richard J. Gebken at (703) 305-6701 or via e-mail at Gebken.Richard@epa.gov .

Sincerely yours,

Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division (7505P)

Enclosure: Label stamped Accepted dated: June 17, 2013

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Precautions and Restrictions

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

[Do not allow people or pets to contact treated plants until spray has dried.] *Optional for use in California in addition to the above phrase*

3/6

Do not water the treated area to the point of run-off.

Do not make applications during rain.

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Treatment to soil or vegetation around structures
2. Applications to lawns, turf, and other vegetation

All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

1. Shake well before using.
2. Begin early in the season. Start treating when insects first appear or conditions favoring disease start to develop.
3. Hold can upright and at least 18 inches from foliage while spraying.
4. Can be used on: Ageratum, aster, azalea, begonia, carnation, chrysanthemum, iris, lilac, marigold, mock-orange, pansy, petunia, privet, rhododendron, rose, salvia, snap-dragon, spirea, sunflower, zinnia.
5. Spray with a slow sweeping motion, covering both upper and lower leaf surfaces and the stem.
6. For best results, repeat every 10 - 14 days.

[Wash hands with soap and water promptly after use and after contact with treated plants on day of application.] *Optional for use in California*

INSECTS CONTROLLED

Aphids, Bagworms, Cicadas, Fall cankerworms, Fall webworms, Inchworms, Leafminers, Leafrollers, Mealybugs, Spider mites, Thrips (exposed), Whiteflies

DISEASES CONTROLLED

PLANTS	DISEASES
Rose ⁽¹⁾	Black spot, Powdery mildew, Rust
Azalea ⁽²⁾ , Rhododendron ⁽²⁾	Petal blight (ovulinia spp.) Powdery mildew
Carnation, Mock-orange, Pansy, Petunia, Salvia, Snapdragon, Sunflower	Powdery mildew, Rust
Ageratum, Aster,	

PLANTS	DISEASES
Chrysanthemum, Columbine, Cornflower, Iris, Marigold	Rust
Begonia, Lilac, Spirea	Powdery mildew
Privet; Zinnia	Cercospora leaf spot, Powdery mildew

(1) Treat on a 7 to 10 day schedule. If black spot is not a problem, a 10 to 14 day schedule is recommended.
 (2) Begin spraying when flowers start to show color.

USE TIPS

- ✓ When using this product on plants not listed, test on a small area first.
- ✓ Do not spray if temperature is above 90° F as damage to some delicate plants can occur.
- ✓ Spray early in the morning or late in the evening, when air is still.
- ✓ If it rains before product has dried, re-apply.
- ✓ Regular light sprayings are more effective than a single heavy treatment.

SENSITIVE PLANT CARE

Use with care on ferns, palms and fuchsia. As with all plants, especially carnations, chrysanthemums, and roses, there exists a wide variety of species, and therefore, a wide variety of susceptibility to injury. To test for plant sensitivity, spray a few plants as described above, wait 24 hours, and check for possible injury.

PRECAUTIONARY STATEMENTS AND STORAGE & DISPOSAL FOR EITHER FORMAT

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.
Disposal: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling, [and before eating, drinking, chewing gum, using tobacco, or using the toilet.] *Optional for use in California*
First Aid

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.
 Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-zzz-zzzz for emergency medical treatment information.

Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

5/6
