Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 9688-125"
- b. With respect to label claim for killing spiders, delete claims such as "and their eggs, unhatched eggs. There are no efficacy data on file to support these claims."
- c. The statement "For Household Use Only" should be placed under the product's name on the front panel.

Signature of Approving Official:

George T. LaRoeca
George T. LaRoeca, Product Manager (13)

Date:

September 2, 1997

d. Change the product name to read "Chemsico Tralomethrin Plus d-Trans Allethrin Insecticide S." You can not identify only one chemical when there are more than one active ingredients.

4. Submit three (3) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6 (e). Your release for shipment of the product constitutes acceptance of these conditions.

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

Enclosure:

TRALOMETHRIN INSECTICIDE S

STOP! READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For household use only.*

THINGS TO KNOW

Spiders are one of the most feared pests around the home. Spiders eat only other spiders and insects. Treating for all insects is the best way to control spiders. [Chemsico Tralomethrin Insecticide S has a convenient spray-any-way system which gives you the ability to reach the high places as well as the lower cracks and crevices where they live.] [With its unique any-way sprayer you can reach spiders and their webs in high places as well as lower cracks and crevices where they live.]

HOW TO USE

1. SHAKE WELL BEFORE EACH USE.
2. Hold can upright. Aim opening away from people. Spray in short bursts to prevent excessive wetting and waste of product.
3. Do not allow the spray to contact food. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Do not allow people or pets to

contact treated surfaces until spray has dried. Remove pets and cover aquariums before spraying.

INDOOR

TO CONTROL

COCKROACHES, SPIDERS (including Black Widow Spiders), **ANTS, CRICKETS, SOWBUGS, CENTIPEDES, FIREBRATS AND OTHER COMMON HOUSEHOLD INSECTS:**

1. Contact as many insects as possible with the spray in addition to thoroughly treating all parts of the room where these pests may hide.
2. Pay special attention to cracks, dark corners, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected. [Residual activity lasts up to four months.] [The treatment lasts up to four months.] [The treatment continues to work for up to four months.]
3. To kill spiders and prevent them from entering your home, spray around door and window frames, inside and outside. Spray upward to treat active spider webs. Do not remove spider webs until spray has dried. Repeat as necessary.
4. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

OUTDOOR

TO CONTROL

SPIDERS, FLIES, MOSQUITOES:

1. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the home.
2. Also spray surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate. Repeat as necessary.

[Bracketed Text] = Optional Language

374

TO CONTROL

ANTS, BROWN DOG TICKS, CRICKETS AND SPIDERS:

1. Thoroughly spray infested weeds or bushy non-crop areas.
2. To kill ants, thoroughly wet hills and runways. Repeat as necessary.

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard container in trash. Do not incinerate or puncture container.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid contamination of food and drinking water. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pots and cover aquariums before spraying.

Statement of Practical Treatment

If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists. *If Swallowed:* Do not induce vomiting because of aspiration hazard. Get medical attention. *If in Eyes:* Flush with plenty of water. Get medical attention if irritation persists.

Environmental Hazards

This pesticide is toxic to fish. Do not apply directly to water.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
