## OPTIONAL PARAGRAPH FORMAT

## STOP! READ ENTIRE LABEL BEFORE USING [Read all instructions inside before using.] DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Keep people or pets off treated areas until the spray has

USE THE FOLLOWING DIRECTIONS IF THE ATTACHED HOSE-END SPRAYER LOOKS LIKE THIS (HAS BOTH A DIAL AND A STAR SHAPED BUTTON) (graphic)

- 1. Shake container well before using.
- Connect a garden hose to the spray ready nozzle. (graphic) Make sure the yellow water control dial on the nozzle is in the "OFF" position (tab is vertical). (graphic)
- Turn on water at faucet. Extend hose to the farthest area to be treated and work back towards the faucet so you don't come in contact with the treated area.
  - Twist the small star-shaped, white product control button to align the flat portion with the lock tab. Push the button in to open. (graphic)
- To BEGIN spraying, point nozzle toward lawn or plants to be treated and turn the yellow water control dial to the "ON" position (tab is horizontal).
   Water will automatically mix with the product. (graphic)
- 5. Spray until wet to control insects listed below. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas. One quart will treat 5,000 sq. ft. Calculate square feet by multiplying length by width. Refer to [sight gauge] [Clear-View measuring window] to guide coverage (example, when bottle is half empty, you should have covered half the area).
- To STOP spraying turn yellow water control dial to the "OFF" position.
  Push small white product control button in to close. Twist the small star-shaped, white product control button so that it is no longer aligned with the flat portion of the lock tab, Turn off water at faucet.

To relieve pressure, turn yellow water control dial to "ON" position and wait until water stops spraying before removing nozzle from hose.

dial to the "OFF" position. Push in opposite side of star-shaped product control button to close. Turn star-shaped button so that it is no longer aligned with the flat portion of the lock tab. Turn off water at faucet. To relieve pressure, turn large water control dial to "ON" position and wait until water stops spraying before removing nozzle.]

To STORE unused product, place in cool area away from heat, direct sunlight or open flame.

## [OPTIONAL SPRAYER INSTRUCTIONS]

USE THE FOLLOWING DIRECTIONS IF THE ATTACHED HOSE-END SPRAYER LOOKS LIKE THIS (HAS A DIAL BUTTON ONLY) (graphic)

- Shake container well before using.
- Connect a garden hose to the Ready-Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the green safety tab in the valve notch.
- Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in with the treated area
- 4. To BEGIN spraying, point nozzle toward lawn or plants to be treated and 1.) bend the green safety tab back with your thumb, 2.) using your other hand QUICKLY turn the dial clockwise until it stops. Water will automatically mix with the product.
- 5. Spray until wet to control insects listed on page 4. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas. One quart will treat 5,000 sq. ft. Calculate square feet by multiplying length by width. Refer to sight gauge to guide coverage (example: when bottle is half empty, you should have covered half the area).
- 6. To STOP spraying, QUICKLY turn the dial in the opposite direction of "ON" until it stops and the safety tab engages the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.
- To STORE unused product, make sure the dial is in the "OFF" position with the green safety tab in the valve notch. Place in a cool area away from heat, sunlight or open flame.

STORAGE AND DISPOSAL AND PRECAUTIONARY STATEMENTS FOR EITHER FORMATS

## STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Do not reuse container. Wrap and put in trash.

## PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

**CAUTION:** May be harmful if swallowed or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

## First Aid

If Swallowed: Call a physician or Poison Control Center immediately. If on Skin: Wash promptly with plenty of soap and water. Wash contaminated clothing. If in Eyes: Rinse eyes for at least 15 minutes with plenty of water. Call a physician if irritation persists. If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

FN: 9688-136-N2

## **Environmental Hazards**

This pesticide is extremely toxic to fish. Do not apply directly to water. Drifts and runoff from treated areas may be hazardous to aquatic organisms in treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

\*If you are not satisfied with this product for any reason send your written request for a refund to the address below, together with the dated store receipt showing the price you paid. Please allow 6-8 weeks for processing
